## FIND EVIDENCE OF "BLIND PIG"

Police Assert That They Have  
Grounds For Charges Against  
Ed Wolter After Raid.

**LOCATE WHISKEY AND BEER**  
Also Declare Wolter Holds a Government License—Search Pool Room and Home Also.

The police raided the pool room of Ed Wolter in West Third street last night and also visited his home, which is across the street. Only a small amount of intoxicants was found, but there was a variety ranging from beer to wine. The raid was pulled off about ten o'clock and was participated in by the three policemen and Sheriff Cavitt.

The pool room was the first visited. Three or four bottles of whiskey were found in a hunting coat, according to the police. The coat was behind the counter and the police believe that this is damaging evidence. At the Wolter home a barrel containing about three dozen bottles of beer was found. At the barn several barrels containing empty beer bottles were found.

The police received a tip that a shipment of either beer or whiskey had been received by Wolter yesterday, but if it was received the police failed to find it on the premises. The police found several bills of lading for shipments of beer bottles to that Wolter has been doing a business here for the brewery. Charges will likely be filed.

Chief Rosencrance asserts that Wolter holds a government license and the state contends that this is evidence of a "blind tiger." At the Wolter home the police found a jug containing some wine, but this Wolter claims was made by his wife and was for private use. The pool room was opened last night when the police visited the place and several men were there. The police do not contend that they have evidence of a sale and the charge against him will likely be for operating a place for the illegal sale.

This is the kind of a charge that was against A. E. Kinsley, the Eagles custodian, and similar to the one against Newton Casey. Under this a sale does not have to be proved.

## PASSENGER HITS BUGGY IN FALMOUTH

Lee Centers and George Young Escaped With Minor Bruises and Horse is Killed Instantly.

The northbound passenger train on the Pennsylvania leaving here at six-forty o'clock last night hit a rig in which Lee Centers, of Bentonville, and George Young were riding, last night at Falmouth. The horse was killed instantly but the men escaped with a few minor bruises.

The men had been in Falmouth trading and were on the way home when the accident occurred. Neither men heard the train. The buggy was badly damaged.

Mrs. James Fry, living a short distance north of the city, will celebrate her ninetieth birthday anniversary Sunday and her friends are preparing to give her a postcard shower.

## GIVEN ANOTHER CHANCE

Helen Smith Ordered by Court to Leave the City.

Helen Smith, who with Delbert Newman and George Myers, were fined \$500 and sentenced to six months in jail by Judge Sparks on charges of encouraging delinquency, was brought into court again this morning and was urged by Judge Sparks to leave the city. When the sentence was suspended by the court it was the understanding that the Smith girl would not associate here with the people she knew and the court told her to leave Rushville. When she failed to comply with his request Sheriff Cavitt was told to go get her and she was given another chance.

## HARRY LAKIN, 38, SUCCUMBS TODAY

Former City Clerk Expires Following Prolonged Illness With Tuberculosis.

**LEAVES WIDOW AND TWO SONS**

Harry Lakin, 38 years old, former city clerk and a well known resident of this city, died this morning at three-thirty o'clock at his home in North Main street, from tuberculosis. Mr. Lakin had been ill for a long time and this winter entered Rockville hospital in the hopes of bettering his health. He gradually grew worse and was brought home about a month ago.

Mr. Lakin for many years was employed at the Bliss and Cowing store. His death came as a shock to his many friends although it had been expected. He served one term as city clerk being elected on the Republican ticket. Mr. Lakin was a member of the Red Men and Royal Arcanum lodges.

He is survived by his widow and two children, Charles and Robert. His parents, Mr. and Mrs. Taylor Lakin, also survive.

The funeral services will be conducted Sunday afternoon at two o'clock at the late residence by the Rev. C. M. Yocum. Burial will take place in East Hill cemetery and will be in charge of the Red Men.

## COMPROMISE LEVI CLAIM FOR \$2,125

Estate of Man Who Was Killed in Fall From School Building to Receive This Sum.

**PETITION WAS GRANTED**

The estate of the late John Levi, who died following a fall from the Graham Annex building, will receive \$2,125 in a compromise effected today with the contractor, Stephen Purcell. The administrator for the estate, the Peoples Loan and Trust company, filed a petition in court asking permission to compromise the claim and it was granted by Judge Sparks.

It was set forth in the petition that the estate had good cause for a suit against the contractor but as he had offered to compromise for \$2,125 it was thought best to accept the proposition. Levi fell from the roof of the new building when a derrick became loosened throwing him off the roof.

## DISTRICT MEET TO BE HELD HERE

Red Men of Eight Counties Will Gather in Rushville March 23 For Three Sessions.

**DEGREES TO BE CONFERRED**

Teams From Cadiz, Shelbyville and Connersville Will Give the Work at Night.

The district meeting of the Improved Order of Red Men will be held here Tuesday, March 23. The forty-five tribes of the district will be represented. There are eight counties in the district as follows: Decatur, Fayette, Wayne, Henry, Hancock, Shelby, Union and Rush.

The three sessions throughout the day and evening will be held in the wigwam of Taupah tribe, No. 102. The forenoon will be devoted to the registration and reception of visiting chiefs.

At one-thirty o'clock in the afternoon the tribal council fire will be kindled. All chief degree members are eligible to this session. After a word of welcome the great chiefs of the great council of Indiana will be in charge and a school for instruction will be opened. Reports from each tribe represented will be heard. This part of the program will be concluded with an exemplification of the unwritten work of the order.

The great council fire of the great council of Indiana will be kindled by the great chiefs at three-thirty o'clock in the afternoon. The degree will be conferred upon all representatives presenting the proper credentials.

In the evening at seven-thirty o'clock the adoption, warriors and chiefs degrees will be conferred by the degree teams from Cadiz, Shelbyville and Connersville respectfully.

## ATTEMPTS TO BURN DOWN A BUILDING

Calvin Gwinnup, Aged Inmate of County Asylum, Sets Fire to His Bed This Morning.

**DISCOVERED JUST IN TIME**

Calvin Gwinnup, an aged inmate of the county poor asylum, attempted to burn his bed and thus destroy the small house at the county farm in which some of the inmates live, this morning. By some good fortune, the fire was discovered in time to quench it and very little damage was done.

While the rest of the inmates were at breakfast, Gwinnup was alone in the small building with four invalid inmates who are unable to get around. He set his bed on fire and then sat down to watch it burn. None of the other persons in the building were able to sound the alarm and they sat there mute and helpless.

It so happened that the superintendent of the farm had to go outside for a moment, saw the fire and put it out. Gwinnup has threatened to burn down the buildings at the farm. He is kept locked up at night but is at liberty during the day.

The Bible class and social club of St. Paul's church will meet Monday evening at seven o'clock with Miss Elma Hoekersmith, 906 North Harrison street.

## COUNTY CLUB WOMEN HERE

Make Arrangements Today For Convention of Sixth District Federation of Clubs.

**TO BE HELD HERE MAY 20-21**

Committees Are Appointed and Organization Perfected—County Federation Expected.

At the luncheon held today at the Seaman House plans and arrangements were made for the annual convention of the Sixth District Federation of Women's clubs to be held here May 20 and 21. Thirty women attended the luncheon and practically every club in the county was represented. A county federation was to be formed before the meeting adjourned.

Mrs. T. B. Henley, of Carthage, district president of the federation, was present. Mrs. Guy Abercrombie of this city presided at the meeting. Committees were appointed for all various phases of the convention and the program will be an attractive one. One of the features will be a reception at the home of Mrs. James E. Watson. The complete list of committees is as follows:

**Finance Committee.**  
Mrs. Roy Waggener, Mrs. Rich Wilson, Miss Anna Bohannon, Mrs. Mary Jones and Miss W. Newsom.

## TENANT HOUSE BURNS DOWN

Frame Dwelling on Alva Junkins' Farm is Destroyed.

The tenant house on Alva Junkins' farm, a short distance northwest of Rushville, inhabited by Luther Ricker and family, burned to the ground yesterday afternoon and was a complete loss to both Mr. Ricker and Mr. Junkins. The fire originated from a defective flue. The loss is estimated at about seven hundred dollars, not covered by insurance. Mr. Ricker was able to save only a small part of his household goods. It was a frame dwelling.

(By United Press.)  
Washington, Mar. 5.—Secretary Daniels expected today to depart for the Panama exposition after which he will visit the Hawaiian islands.

## SIGNS THREE BILLS TODAY

Governor Includes the Tuberculosis Measure Among Them.

(By United Press.)  
Indianapolis Ind., March 5.—Governor Ralston today signed the drastic Harmon bill for the control of tuberculosis. It provides for the reporting of all cases of tuberculosis on the death or removal of a tuberculosis patient. He also signed the Grubbe bill for establishing a commission to teach the blind; the Eikman bill prohibiting the use of searchlights in hunting.

## TRY TO IMPEACH JUDGE EARL SAMPLE

Resolution Submitted in House Today on Account of His Action in Lynam Murder Case.

**IT IS DEFEATED HANDILY**

(By United Press.)  
Indianapolis, Ind., March 5.—The house today by almost unanimous vote refused to adopt a resolution offered by Representative Cleary, Republican of Indianapolis, for the impeachment of Judge Earl Sample of the Hancock circuit court. The grounds of impeachment stated in the resolution were that Judge Sample had permitted Perry Lynam indicted in Marion county for first degree wife murder, to plead guilty to a charge of second degree murder and accept a life sentence in the absence of the Marion county prosecutor.

Representative Reeves of Hancock county, who defended Judge Sample, said that it was impossible to get a jury in Hancock county to inflict the death penalty.

## ACCIDENT FATAL TO ED ABERNATHY

Former Rushville Man Dies in Indianapolis Today From Injuries Sustained Wednesday.

**FUNERAL WILL BE AT HOMER**

Edward Abernathy, former resident of this city, died today in Indianapolis from injuries received when the wagon he was driving was hit by an interurban freight car Wednesday. He was thrown ninety feet and suffered a fractured skull and other injuries. At the time there was not much hope maintained for his recovery. He formerly lived in Beuna Vista avenue here and was known to his many friends as "Peck" Abernathy. He has a brother, A. G. Abernathy, living in Homer.

The remains will be brought here at noon Saturday and taken to the home of his brother in Homer. The funeral services will be conducted Sunday afternoon at two o'clock in the Pleasant Ridge church and burial will take place in the church cemetery.

**SIX SUBMARINES LOST.**

(By United Press.)  
London, March 5.—Six German submarines have been lost since the beginning of the war, it was announced by the British admiralty following announcement from the French marine office that the German submarine U. 8 was sunk by French destroyers off Dover.

## FELONS RELIEF BILL IS KILLED

House Puts it to Death With Ease After Its Friends Attack Indianapolis News.

**REP. LYDAY MAKES A CHARGE**

Says News is Trying to Railroad Mayor Bell—Machine is Scored Once More.

(By United Press.)  
Indianapolis, Ind., March 5.—The house today by a vote of 56 to 36 killed Senator Elsner's bill to compel a judge to grant a change of venue from the county at the request of a defendant accused of election corruption.

Friends of the bill centered their efforts in an attack on the Indianapolis News which has been fighting the bill with the charge that the bill was directed at Judge Collins of the Marion county criminal court.

Representative Lyday, speaking for the bill, charged that the News is trying to "railroad Mayor Joseph E. Bell and his fellows." He did not say where.

"A man has been imported into Indianapolis by the Indianapolis News to bring about the downfall of the Democratic party," cried Lyday. "This man is closeted with the grand jury. Joe Roach won't stand for 'em to indict a Republican. If they bring about an indictment of Joe Bell and his fellows they will fix the jury to the railroad then."

"The News brought about the indictment of a respected member of this body, Mason J. Noblack, for no other reason than to ruin his political prospects."

"There is great excitement in election prosecution and the defendant should have the right in to a change of venue."

Representative Jones, Democrat, spoke against the bill, saying the constitution guarantees an accused man a fair trial in his own county where the crime was committed.

Representative Miedreich declared the bill was unconstitutional in spirit, changing the law making it easier for certain prospective defendants after the alleged crime was committed.

Representative Harvey said the alleged "election crooks" classed themselves with murderers and traitors by the bill.

Just as the house adjourned Representative Griffith, Democrat, yelled.

"Rah, for the Indianapolis News. It wasn't the News that put Noblack."

## The Dollars We Get And Give

Some one has said that the dollars we get are small but dollars we spend are always large.

And the lesson seems to be "Get your money's worth."

This means buying with knowledge of goods, markets and prices.

And the great business educator is the advertising in daily newspapers.

And the further lesson is to "Get what you ask for."

When you call for a definite article by name, remember it is your money you are spending.

Don't take a substitute, and shun the storekeeper who habitually offers things "just as good."

# EAT LESS BREAD, MORE POTATOES

This is Advice of Department of Agriculture if Wheat Continues to Mount in Price.

## QUALITIES ARE COMPARED

Ten Cents Worth of "Tubers" Give More Actual Nourishment Than Two Loaves of Bread.

Washington, D. C., Mar. 5.—If wheat remains at its present high figure or continues to rise in price and if there is a corresponding increase in the price of bread, scientists in the United States Department of Agriculture suggest that the ordinary household will find it advantageous to eat more potatoes and less bread. With potatoes at 60 cents a bushel, ten cents worth—or ten pounds—will give the consumer a little more actual nourishment than two one-pound loaves of bread at five cents each. The protein and fat are present in appreciably larger amounts in the bread, but the potatoes will be found to furnish more carbohydrates, and more heat units. Carbohydrates (starch) contribute greatly to the energy value of any diet and since potatoes are rich in these, families that wish to expend their money to the best advantage are recommended to consider whether they cannot make a more extended use of them. They are easy to cook and when prepared in different ways can be made to lend variety to the winter diet when green vegetables are hard to obtain. Like other foods relatively rich in carbohydrates, however, potatoes should be eaten with foods correspondingly rich in protein, such as milk, meat, eggs, etc., and with foods like butter, cream and meat fat to supply the fat that the body needs.

Under normal conditions in Europe and America the potato ranks next to bread as a carbohydrate food. If prices change sufficiently to make it desirable from a financial point of view there is no scientific reason why potatoes should not be substituted to a great extent for bread. In addition the potato like many fruits and vegetables, helps to neutralize an acid condition in the body. This is another reason for its being eaten in combination with meat, fish, and other animal foods.

# FORMER SENATOR SPEAKS TWICE HERE

Frank Cannon Will Address Men's Meeting Sunday Afternoon and Mass Meeting at Night.

## HE IS MORMON AUTHORITY

Frank J. Cannon, the last delegate in congress and the first United States senator from Utah, will deliver two addresses here Sunday, one to a men's big meeting in the afternoon at two o'clock at St. Paul's M. E. church and another to a mass meeting at the Main Street Christian church at seven-thirty o'clock in the evening.

In the evening the former senator will discuss "Mormonism", in which subject he is especially well versed. Mr. Cannon is reported to have been the chief agent by whom it was arranged for Utah to be admitted as a state, and it is declared that the Mormon church violated its promise to cease the practice of polygamy. The Evening Times of Olean, N. Y., makes this comment on Mr. Cannon's ability as a speaker:

## DYNAMITE IN SITUATION

Constitutionalists Money Ordered Legal Tender in Capital.

(By United Press.) Washington, March 5.—The Mexico City situation was full of dynamite today. State department officials admitted this following Secretary Bryan's announcement that General Obregon had ordered the shops opened and declared Constitutionalists money legal tender despite the doubt of it being legal tender.

## SUIT ON CONTRACT.

Judge Sparks heard the case of Walter E. Smith and Edith B. Smith against Joseph Stern this morning in the circuit court. The suit was based on a contract and the demand was \$300. Stern formerly occupied the Smith room in West Second street and the plaintiff alleges that he violated the contract when he moved to the present location in North Main street. All of the evidence was submitted and the argument will be given in writing.

# FURTHER PROGRESS IS REPORTED TODAY

Allied Fleet Continues to Pound Away at Dardanelles Fortifications Athens Says.

## HEAVIEST FIGHTING TO COME

(By United Press.) London, March 5.—Pounding away at forts Kilid Bahr and Chanak, 145 miles from Constantinople, the allied fleet has made further progress in its attempt to force the Dardanelles. Athens dispatches reported today. Chanak's fire has become more feeble and Vice-admiral Carden is confident that the Turkish stronghold will crumble within forty-eight hours.

But in spite of optimistic reports from Athens today, the admiralty declared today the heaviest fighting inside the Dardanelles was yet to come. Steaming past the first forts, the allied fleets will meet the fire of modern Krupp guns for a distance of nearly 20 miles before they emerge in Marmora sea for the final dash upon the Ottoman capital.

# TOWN OCCUPIED IN BURYING DEAD

Eighty-Seven Bodies Have Been Recovered From Mine Where Explosion Took Place.

## 182 MINERS WERE ENTOMBED

(By United Press.) Layland, W. Va., March 5.—Carrying the dead from a wrecked and poisoned mine, digging of graves and the making up and dispatching of funeral trains were the principal occupations of this little mining town today.

Rescuers during the night finally opened up the remotest recesses of mine No. 3 of the New River and Pocahontas Consolidated Coal company where an explosion early last Tuesday entombed 182 men, and early today the total of bodies recovered had been swelled to eighty-seven.

### Amusements

The Mystic offers a two reel Lubin drama "A Soldier of Peace" for the first picture tonight. Earl Metcalf is featured. It is a thrilling drama and tells a beautiful story. The other picture is the fourteenth episode of "The Beloved Adventurer" series. Arthur Johnson plays his famous part of Lord Cecil in this one. Tomorrow night the two reel feature "The Fatal Opal" will be shown.

The Princess will show the big feature "The Christian" for the program tonight. Earl Williams, Edith Story, Charles Kent, Harry Northup, James Morrison and other well known Vitagraph players are featured. The picture is taken from Hall Caine's superb love story and the production is said to be wonderful. The acting in "The Christian" is said to be wonderful and it required over six months to make the film. The picture is in eight reels and 500 scenes. Over three thousand people are used to produce the picture.

Tonight the Gem will show Grace Cunard and Francis Ford in "The Call of the Waves." Two reel Gold Seal society drama. Grace is loved by Frank. Frank goes to college and Grace feels she is not his equal. She rescues a wealthy woman and her son from drowning, in return the woman takes her to the city and educates her. Grace and Frank disagree, and she goes abroad—to forget. She winds up in Monte Carlo at a gaming table. There she meets Frank and they both realize the futility of it all. By the sea they embrace and all ends happy. Mary Pickford will also be seen in a beautiful Imp drama. Tomorrow, matinee and night, "The Devil's Eye" will be shown. This is one of the most thrilling and realistic pictures ever shown.

**A Democratic Confession**

The following is from the old rock  
ribbed Democratic Cannelton (Ind.)  
Telephone:  
"Why is it we do not see long  
articles setting forth the great and  
good points of practical results in  
the Underwood tariff bill, in our  
Democratic exchanges? The bill  
has been passed long enough for the  
country to be reaping the benefits  
of a low tariff—if a low tariff is  
what we have been needing. It was  
said that the low tariff would put  
the high cost of living within the reach  
of all and at the same time give  
labor to all. We want to see the fac-  
tories start and the high cost of liv-  
ing lowered; our erstwhile fond hope  
of the good effects of a low Demo-  
cratic tariff have been somewhat  
shattered, because "the goods have  
not been delivered" as the theorists  
promised. If the importation of  
cheaper-made goods hasn't closed  
our factories, what has done it?  
Don't you think we have made the  
mistake of getting the price too low  
for the good of all concerned? Doesn't  
the condition of the country  
prove it? Suppose we could have  
a national election two months from  
now—would there be any doubt  
about the result? And we can all  
guess why, too! We have been  
honest and industrious all right, but  
have just been mistaken that's all.  
Our figures were placed too low. It  
remains to be seen whether the  
country will recover sufficiently during  
this year and next to enable us  
to keep from being "wiped off the  
face of the earth" so to speak, in a  
national campaign that will take  
place in the fall of 1916. If we are  
going to do anything, we had better  
get busy."

**What Our Neighbors  
Are Talking About**

**"New Freedom" at Gary**  
(Monticello Herald)

At the entrance to the steel mill  
in Gary, near the employment office,  
is a large vacant lot, comprising  
enough ground to make a city block  
or two. It is there those seeking  
employment stand in line awaiting  
their turn to enter the office and  
press their claim for work.

A few days ago the steel mill ad-  
vertised that on Monday it would  
open other furnaces and take on ex-  
tra men. This strip of ground was  
inadequate to hold the applicants.  
When the whistle blew at seven  
o'clock in the morning, 3,500 men  
were in waiting, anxious to get a  
chance to earn money enough to buy  
the necessities of life. They were  
not all foreigners either but many  
of them born and raised in the good  
old Hoosier state.

This condition is a direct result of  
the infamous Underwood tariff law,  
which makes it possible to import  
steel rails into Chicago from for-  
eign countries cheaper than they can  
be made in Gary.

This crowd would have furnished  
a splendid audience for President  
Wilson or Secretary Bryan to have  
addressed, expounding the doctrine  
of the "New Freedom."

**Still Watching, Waiting and Failing.**  
(Cincinnati Enquirer, Dem.)

The present Administration of the  
United States, however, struck down  
recognized authority in Mexico, and  
by that act authorized and organized  
chaos, authorized and organized

criminals to rule the country, auth-  
orized and organized the factions it  
permitted to arm, to burn, to ravage  
and to destroy.

Two years of that boasted watch-  
ing and waiting policy have ruined  
the people of Mexico, humiliated and  
shamed the people of the United  
States and demonstrated to the  
world the weakness, folly and incap-  
acity of those charged with the re-  
sponsibilities of our foreign rela-  
tions.

Two years of horrors in every vil-  
lage, town and city of Mexico; two  
years of rapine robbery and murder;  
two years of outrages upon women,  
of execution of men, of desecration  
of sacred edifices, of changing civil-  
ization to barbarism. These remain  
as the monuments to the men who  
obstinately refused to listen to the  
advice of those who knew condi-  
tions in Mexico, but persisted in their  
ignorance to follow the counsels of  
personal agents no better informed  
than those they represented.

Two years of failure, of worse  
than failure, in the Mexican policy  
of those in control of the United  
States Government, and that Gov-  
ernment's task still undone and made  
much harder to accomplish in the  
future.

tion.**

**Resolution Ordering the Oiling of  
Certain Streets in the City of  
Rushville, Indiana.**

Rushville, Ind., March 5, 1915.  
To Whom It May Concern:

Notice is hereby given by the common council  
of the city of Rushville, Indiana, that it is  
desired and deemed necessary to make the follow-  
ing described public improvements in the city  
of Rushville, Indiana, as authorized by Im-  
provement Resolution No. 38, adopted by said  
common council on the 24 day of March, 1915.

Section 1.—Be it resolved by the common  
council of the City of Rushville, Indiana, that it  
is deemed necessary to oil in accordance with  
the profiles, details, drawings and specifications  
on file in the office of the City Clerk of said City  
of Rushville, Indiana, the following streets and  
parts of streets in the said City, to-wit:

- First Street—Main St. to J. M. & I. R. R.
- Second Street—West side of Jackson St. to  
Hanna St.
- Third Street—East side Julian St. to brick  
streets at Buena Vista Ave.
- Fourth Street—Perkins street to Sexton St.
- Fifth Street—L. E. & W. R. R. to east line of  
T. M. Green property on the avenue.

lis Pike
- Washington Street—Second street to Indianapo-  
lis Pike
- Market Street—Washington street to Pearl St.
- Pearl Street—Market St. to Indianapolis Pike.
- Corro Gordo Street—Second street to Third St.
- Palo Alto Street—To Buena Vista Avenue.
- Pearl Street—Second street to River.
- Julian Street—First street to Third street.
- Gosnell Avenue—Main street to Eighth street.

And such improvement is now ordered.  
The costs of said improvement, including the  
cost of street and alley intersections shall be  
assessed upon the real estate abutting on each  
of said streets respectively and upon the City of  
Rushville, Indiana, if the said City be ben-  
efitted by said improvement, all according to the  
method and manner provided for in the act of  
the General Assembly, State of Indiana, en-  
titled "An Act Concerning Municipal Corpora-  
tions," approved March 6, 1915, and Acts  
Amendatory and Supplemental thereto.

The circumstances shall the City of  
Rushville, Indiana, be or be held responsible for  
any sum or sums due from said property owners  
or owner from said work, or for the collection  
of the same, or for the payment of any bond,  
bonds, certificate or certificates issued to said  
contractor in payment for such work, except  
for such moneys as shall have been actually  
collected by the City for assessments for such im-  
provement, or such moneys as said City is by  
said above entitled Act required to pay. All  
assessments, payments, and proceedings had and  
work done in the making of said improvement,  
assessment of property, collection of assess-  
ment and payment therefor, shall be as pro-  
vided for in the above entitled Act and Amend-  
ment thereto.

The common council of said city has fixed  
THURSDAY, THE 25th DAY OF MARCH, 1915,  
as a date upon which remonstrances may be filed  
or heard, by persons interested in or affected by  
said described public improvement, and on said  
day, at 7:30 o'clock p. m., said common council  
will meet at the council chamber, in said city of  
Rushville, for the purpose of hearing and con-  
sidering any remonstrances which may have  
been filed, or which may be presented, and will  
hear all persons interested, or whose property is  
affected by said proposed improvements, and  
will decide whether the benefits that will accrue  
to the property, abutting and adjacent to the  
proposed improvements, and to said city, will be  
equal to or exceed the estimated cost of the  
proposed improvements, as estimated by the city  
civil engineer.

**TO MAKE CLUB  
COVER STATE**

Directors of Indianapolis Republican  
Organization Will Extend Its  
Membership.

**THEIR PLANS ARE OUTLINED**

Newspaper Editors Are Entertained  
and Function Will be Held For  
County Chairmen.

To make itself a factor in the Re-  
publican party in Indiana, not by  
trying to help the prospects of any  
one candidate or dictating any given  
policies, but by working for the suc-  
cess of Republicanism, is the avowed  
purpose of the campaign of the Co-  
lumbia club, Indianapolis, the first  
step in the campaign being the en-  
tertainment of Indiana Republican  
newspaper editors yesterday with a  
luncheon.

John B. Cockrum, chairman of the  
committee in charge of the campaign  
for new members; Charles W. Mil-  
ler, vice-president of the club, and  
William L. Taylor, spoke outlining  
the plans of the campaign. The  
history of the club was recalled,  
showing that the organization was  
the outgrowth of a marching club to  
advance the interests of Ben Har-  
rison when he was a candidate for  
the Republican nomination for presi-  
dent. He was nominated and elected  
and the club became a permanent in-  
stitution, and has remained a Re-  
publican club to this day, the speak-  
ers asserted yesterday.

L. O. Hamilton, who is well known  
and related here and who was born  
and reared near Orange, presided as  
toastmaster yesterday. He as presi-  
dent of the club explained that it  
was the wish to have the aid of the  
Republican editors of the state, in  
their respective counties, in the ef-  
fort to increase largely the mem-  
bership of the Columbia Club through-  
out the state and to make it a state-  
wide proposition. Republicans from  
all parts "at their own home in the  
Circle," in Indianapolis. He said the  
board of directors of the club be-  
lieved that it would cause a good  
feeling and cement together a last-  
ing friendship among the Republi-  
cans of the state, and in this way  
promote harmony and a get-together  
spirit that for a few years had  
seemed somewhat lacking.

The membership committee in-  
cludes one member of the club in  
each congressional district of the  
state. Mr. Hamilton has opened  
headquarters for the membership  
campaign on the fifth floor of the  
Columbia Club building, with Mr.  
Neal in active charge. In the cam-  
paign the state will be divided into  
four districts, and in each of these  
districts will be placed a solicitor,  
who will visit each county in his dis-  
trict, and spend in each county the  
time necessary to complete his work  
there in furtherance of the mem-  
bership campaign. While the solicitor  
is in a county he will ask the assist-  
ance of Columbia Club members in  
that county, the Republican editors  
of the county and the Republican  
county chairman.

It is stated that already a number  
of Republicans in the state have  
signified their intention to join the  
club under the new plan of associate  
membership, which provides that a  
Republican who is not a resident of  
Indianapolis may become an asso-  
ciate member of the club, without  
buying any stock or paying an ini-  
tiation fee, the only expense being  
the regular dues of \$20 a year, pay-  
able \$10 on March 1 and \$10 on Sep-  
tember 1, in advance.

At present, members anywhere in  
the state are required to buy a share  
of stock and pay \$25 initiation fee,  
as well as the annual dues. A. B.  
Ayres, a member of the club at  
Fortville, as an evidence of the in-  
terest being shown, has already ob-  
tained the promise of ten new mem-  
bers.

A luncheon will be held at the club  
in about two weeks for all Republi-  
can county chairmen and all Republi-  
can district chairmen, with Will H.  
Hays, Republican state chairman,  
and L. W. Henley, Republican state  
secretary, both of whom have prom-  
ised their active co-operation.

**KINSLEY IS OUT ON BOND**

Not Sent to Jail Pending Trial in  
Circuit Court.

A. E. Kinsley, custodian of the  
Eagles lodge, who a jury in Mayor  
Bebout's court early yesterday mor-  
ning found guilty of operating a  
"blind tiger" at the Eagles club  
rooms and sentenced him to six  
months in jail and fined him \$125,  
says the headline in the Republican  
yesterday, "Fined \$125 And Sent to  
Jail" is misleading and asked that it  
be corrected. In reality, he was not  
"sent to jail" although he was sen-  
tenced to jail, because he appealed  
the case to the circuit court and his  
appeal bond placed at \$250, which  
he immediately furnished and was  
allowed his freedom. The jury also  
recommended that the jail sentence  
be suspended pending good behav-  
iour.

**To Have Beautiful  
Hair--No Dandruff**

If your hair is losing color, too  
dry, brittle, thin, or the scalp itches,  
immediately begin the use of Parisian  
Sage. The first application stops  
itching head, removes all dandruff,  
invigorates the scalp, and beautifies  
your hair until it is soft, fluffy and  
gloriously radiant.

Parisian Sage supplies all hair  
needs and contains the exact ele-  
ments needed to make it grow long,  
thick and beautiful. It is delicately  
perfumed and not expensive at  
Johnson's Drug Store.

You will be delighted with this in-  
vigorating toilet necessity for noth-  
ing else is so beneficial as Parisian  
Sage or so quickly gives the hair  
that enviable charm and fascination.

**THE AUTO-OILED WINDMILL WITH  
DUPLICATE GEARS  
RUNNING IN OIL**

• Every bearing is constantly flooded with oil. Two quarts of oil in the gear case of this  
8-foot auto-oiled windmill will keep the gears and every bearing flooded with oil for a  
year or more.

The galvanized steel helmet covers the gears, keeps out rain, keeps out dust, keeps  
in oil. The mill needs oiling but once a year.

There is a windmill, known the world over as "the windmill which runs when all  
others stand still." This new windmill with gears and bearings flooded with oil runs in  
much less wind than that well known windmill.

The two large gears, which lift the load straight up, are each independent of the other and each  
is driven by its own pinion on the main shaft and must take its half of the load at all times.  
The auto-oiled windmill, with its duplicate gears and two pinions lifting the load straight up, is un-  
breakable. Every 8-foot mill is tested under a pumping load of 3000 pounds on the pump  
rod. For the larger sizes the load is proportionately greater. We know that  
every one of these windmills is unbreakable. We venture the assertion  
that this is the most nearly perfect, best made, best tested,  
best oiled, most nearly perpetual, automatic and self-  
sufficient of any machine of any kind ever made  
for farm work and the most nearly fool-proof.  
There is no friction on any part of the fur-  
ling device when the mill is running and very  
little when the wheel is furled.

A small  
child can easily furl this  
windmill or an automatic regulator can  
take care of it. One of these mills has been furled  
10,000 times in one day by a man on our premises—more  
times than it would ordinarily be furled in 30 years of service.

A band brake, of the automobile type, is used, and it always holds.

The gear case contains two pairs of gears and the supply of oil. From this  
gear case the oil circulates to every bearing in a constant stream. It flows out  
through the friction washers in the hub of the wheel and is automatically returned to  
the gear case. Not a drop of oil can escape. It is used over and over. So long as  
there is any oil in the gear case the gears and every bearing will be flooded with oil.

If you are tired of climbing a windmill tower; if you are tired of buying repairs  
and having them put on; or, if you are tired of waiting for a big wind, let us fur-  
nish you an unbreakable, self-oiling, ever-going mill to go on any old tower. It  
costs but little and you will get the difference between no water in a light wind  
and an abundance of water in almost no wind. The flooding of all the working  
parts with oil, the perfect balance of the wheel and vane on the tower, the very small  
turntable on which the mill pivots and the outside furling device make this difference.

Now there is no objection to a high tower. Have as high a tower as you need to  
get wind. You don't have to climb it. Your dealer can come once a year and put  
in oil, if needed, and inspect the mill.

Running water purifies itself—stagnant water, standing water, collects and retains impu-  
rities. If you pump from your well constantly all the water it can spare, the water that comes  
into take its place will be pure. If the water in your well stands until you happen to want some,  
and you pump but little, then it is likely that surface water will flow into it and carry in im-  
purities. The unsifted water is the one that has standing water. A flowing stream is the thing to be desired.

The auto-oiled windmill makes all this possible as it can run from one year's end to the other with-  
out practically no wear and no cost. If interested, write Aermotor Co., 1146 So. Campbell Ave., Chicago.  
Why not have flowing water, cool in summer and warm in winter, always fresh and pure? It  
will cost next to nothing. It will give health to your family and stock. Let the water run into a  
good size reservoir and raise all the fish of the choice kinds your family can eat, and have water to irrigate  
your garden and make it raise many times as much as it would otherwise. Water costs nothing. Use it. To let it stand is to abuse it.

Uric Acid Poison  
Undermines Health

Rheuma Drives it From the System  
and Eliminates Rheumatism.

Ever since Rheuma has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This is due to the fact that Rheuma is guaranteed to eliminate rheumatism or money back.

It is a quick acting remedy, too. You do not have to wait a long time for results. Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous uric acid, the chief cause of rheumatism, has begun to pass out of the body through the regular channels. It is also good for gout and neuralgia.

One 50-cent bottle will prove to any rheumatic sufferer that Rheuma surely will cure rheumatism. Sold by Johnson's Drug Store and all druggists.

TWO PLANS GIVEN  
CLUB DIRECTORS

Nothing Definite Done Regarding  
Lease, But Both Propositions  
Are Being Considered.

WILL CONSULT DAVIDSON

At the meeting of the board of directors of the Rushville baseball club last night John Walker, holder of the present lease to the grounds submitted two propositions for the turning of the property over to the new management. The board took both under advisement and will make known their intentions in a few days. Another meeting will be held tonight to further discuss the question.

The secretary was instructed to get in touch with Manager Davidson regarding the kind of a diamond—sod or skinned—he preferred. It will also be ascertained as to the best way to construct the infield so as to get the proper drain. It has about been determined to place the grand stand over next to the road and a real stand will be erected.

RUSHVILLE SHOULD  
WIN FIRST TONIGHT

Dope All Points to Victory For Locals in First Game of District Basketball Meet.

MOORELAND TO BE OPPONENT

Friday night's basketball bill at the Coliseum includes three games. First games of the state sectional tourney will be played before and after the Rose Poly-Earlham contest, says the Richmond Item.

Inasmuch as both the college and high school games are of great local interest a record-breaking crowd is expected. Richmond Hi will have two full sections reserved for its rooters. While the R. H. S. does not figure in either of the three games the result of the same will be watched with interest, as Newcastle-Richmond's most dangerous rival will be in action for the first time.

In the matter of doping out winners, Newcastle and Rushville should take the high school contest. Newcastle has defeated Connersville twice this year and will repeat if the Rose City team is in form, at all. Rushville has it on the Mooreland boys on relative scores made this year and should win this game. In the Earlham game the Quakers seem all to the good in picking a probable winner.

The Ladies Musicales of this city will give a benefit concert in Arlington a week from tonight, Friday, March 12, in the school auditorium there. The Musicales will present again the Japanese operetta, "The Feast of the Little Lanterns," and all those having parts will appear in costume. A reader from here will also assist in the program, but it is not announced yet who that will be. Ferdinand Schaeffer, a violin teacher of Indianapolis, and Miss Leona Thomas will give a program of violin numbers before the Musicales concert. Miss Jessie Kitchen and Mrs. Verl Bebout will be accompanists. A small admission fee will be charged.

TWO BOYS FINED 5  
DOLLARS AND COSTS

Charley Bennett and Carl Jackson  
Found Guilty of Disturbing  
Church Service.

TWO OTHERS NOT GUILTY

Charley Bennett and Carl Jackson were fined five dollars and costs each last night in police court by Mayor Bebout on the charge of disturbing a church service. Gordon Bennett and Charles Clevenger, tried on a similar charge, were found not guilty. It was alleged that the boys attended church at the Heavenly Recruits where they almost broke up the services by their singing. According to members of the church, the boys have been doing this for some time and that despite warnings it was continued until the church members decided on some action.

The trial of Ralph Wagoner, charged with assault and battery on Stella Walker, was postponed until Monday afternoon at 1:30 o'clock. Wagoner is alleged to have stuck Miss Walker with pins. The offense occurred, it is alleged, at the same church where the other boys disturbed the services.

NOTICE

Improvement Resolution for Second Street From West Side of Jackson Street to the P. C. C. & St. L. Railroad.

Rushville, Ind., March 5, 1915.  
To Whom It May Concern:  
Notice is hereby given by the common council of the city of Rushville, Indiana, that it is desired and deemed necessary to make the following described public improvements in the City of Rushville, Indiana, as authorized by Improvement Resolution No. 37, adopted by said common council on the 24 day of March, 1915.  
Section 1.—Resolved by the common council of the City of Rushville, Indiana, that it is deemed necessary to improve Second street, from the west property line of Jackson street to the east property line of the P. C. C. & St. L. railroad where the same crosses Second street, by grading and paving the roadway with brick, sheet asphalt, granite block or concrete block, laid on a concrete foundation as set forth in the plans, plats, profile and specifications, from curb line to curb line, placing the necessary curbing and curbing said roadway with cement concrete curb and gutter all as shown on the plans and in accordance with the profiles, elevations and specifications, on file in the office of the Clerk of the City of Rushville, and such improvement is now ordered.  
The cost of said improvement except street and alley intersections shall be assessed upon the real estate abutting on said street to be improved and upon the property within one hundred and fifty (150) feet of the line of the street to be improved, and upon the City of Rushville, Indiana, all according to the method and manner provided for by an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6, 1905, and in accordance with and pursuant to the provisions of all amendatory and supplemental acts thereto, passed by the General Assembly of the State of Indiana. Assessments of property owners, if deferred, are to be paid in ten equal annual installments with interest at the rate of six percent per annum. Under no circumstances shall the City of Rushville be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessment for such improvement, or such moneys as said city is by said above entitled act and provisions of all acts amendatory and supplemental thereto, required to pay. All proceedings had and the work done in the making of said improvement, assessment of property, collection of assessment and issuance of bonds therefor, shall be as provided for in said above entitled act and amendments thereto.  
The common council of said city has fixed THURSDAY, THE 25th DAY OF MARCH, 1915, as a date upon which remonstrances may be filed or heard, by persons interested in or affected by said described public improvement, and on said day at 7:30 o'clock p. m., said common council will meet at the council chamber, in said city of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed, or which may be presented and will hear all persons interested, or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property, abutting and adjacent to the proposed improvements, and to said city, will be equal to or exceed the estimated cost of the proposed improvement, as estimated by the city civil engineer.  
CARL GUNNING,  
City Clerk.

Those Favoring State-Wide Primary  
Feel That They Won Victory in  
the Senate

PASSED IN AMENDED FORM

Only Important Difference is New  
Measure Provides for Only One  
of State Offices.

## PRIMARY BILL PASSES. (By United Press.)

Indianapolis, Ind., March 5.—The house today concurred in the senate amendment to the Jones state-wide primary bill on motion of Representative Jones, its author. Only the governor's signature is now needed to give Indiana direct nominations for all public offices except the state offices below the governorship.

Indianapolis, Ind., Mar. 5.—The house today faced the question of concurring in the senate amendment to the Jones state-wide, direct primary bill.

Advocates of the state-wide, direct primary felt they had won a victory to get the senate to concede a primary law but their plan was to go slow in indorsing the measure in the form it was passed by the senate.

"The amended bill retains the strong provision of the original bill as far as it goes," said Representative Jones. "The only important difference between the amended bill and the one which the house passed is that the amended bill provides only preferential vote for governor, United States senator, president and vice-president while the original bill provided a direct primary for all state officers."

"The provisions of the original bill for effective and safeguarded township, county, city, legislative and congressional primaries appear to be retained."

The senate late yesterday passed the Jones bill in amended form 32 to 11. The vote was taken under a suspension of rules after Senator O. L. Ballou of Lagrange had called the Jones bill out of the committee on elections and after Democratic senators, led by Ballou, had warned the majority members against the passage of a bill that did not confirm strictly to the declarations in the party's platform.

All of the Republican senators voted against the bill, although they sustained Ballou and other Democrats when a vote was taken on the proposal to amend the Jones bill with the substitute. The bill now goes to the house for concurrence in the senate amendment.

Senator VanNuys, president pro tem, and leader of the Democrats, criticized severely those members found fault with the party for not enacting a state-wide primary, and declared that his attitude toward the primary question is in conformity to the views of the people of Madison county, whom he represents. Senator VanNuys' speech in support of the substitute measure was an argument on the attitude of a majority of the people in Indiana on the primary question as he has found it.

Previous to Senator VanNuys' statement of his attitude, Senator Robinson of Indianapolis, Republican leader, opposed the motion to substitute a new bill for the original Jones measure, but Robinson added that he would not say how he would vote on the bill when it came up for third reading.

Senator Ballou offered his motion to call the Jones bill out of committee on elections yesterday morning, but it was not read until the afternoon session. To conform to the Ballou request, the committee on elections through Senator VanAuken chairman, reported the Jones measure, House bill No. 74, out of committee, with the recommendation that it be amended by striking out all after the enacting clause and inserting in lieu thereof the substitute which is an entirely new bill. In this way the bill bears the name of Representative Jones.

Senator Ballou opened his argu-

ment against the amendment by warning his colleagues against violating the promises made by the party. He asked his Democratic colleagues whether the members would follow the dictates of the people who elected them or whether they would follow the dictates of a "steering committee." He said the responsibility for the party's deeds rests with the young men in the party, and it was to the young men that he appealed, he said. He recalled that on Jackson day in 1914 Thomas Taggart made a speech at a Democratic love feast at the German House, in which he declared in favor of a statewide primary and he read from three speeches of Governor Ralston in which he referred to the party's stand on the platform.

"The substitute measure is as far from the party's pledge as the two poles," Senator Ballou said. "The reason for this substitute bill is to strike out of the Jones bill every bit of life that it possessed, and I can name now one-half of the candidates on the next Democratic state ticket that will be selected by delegate convention. Any bill that does not reach the entire state ticket with a primary is an absolute farce and a subterfuge; the substitute is nothing in comparison to what the people demand."

Senator Ballou read from some editorials in Indiana newspapers on the primary election question, among which was one from Senator John B. Faulkner's newspaper at Michigan City. He recalled that the Jones bill had been placed in the hands of Secretary Bryan and Senator Kern and that both of them gave it their approval. He recalled that the party in its state convention last spring declared in favor of a statewide primary and asked what had happened in the meantime to make the party go only half way with its pledge.

Senator Humphrey of Linton declared he favored the Jones bill in its original form because it carried out the party's platform pledge. Senator Chambers of Newcastle explained his vote by saying he was opposed to every sort of a direct primary, but added, "Half a dose is better than a big dose," and voted in favor of the committee report. Senator McCormick said he favored the Rinear bill in the Senate several days ago because the people of his district wanted a statewide primary law but that, if he could not obtain for his people the statewide primary he would vote for the committee's report. Senator Norman said the people of his district favor the primary plan, and, in order best to represent the views of his constituency, he voted for every primary bill that he could. Senator Maston voted against the committee report, declaring the state ought to have "a real primary or none." Senator Yarlson said he had hoped to be able to vote for the Jones bill because the people of his district desired such a law, but that he agreed to abide by the caucus and for that reason he would vote for the substitute bill.

The passage of the substitute bill came after the Democratic members of the upper house agreed to it in caucus yesterday afternoon. There was no opposition to the bill in the caucus, ten senators having voted for the Jones bill. Those who voted for the Jones measure were Senators Adams, Faulkner, Humphrey, McCormick, Maston, Culbertson, Gelts, Norman, Reidelbach and Wood.

# WAR CUTS OFF POTASH SUPPLY

Farmers Face Prospect of Increased Prices and Decreased Amount of the Chemical

FERTILIZER COST HIGHER

Some Examples are Cited to Prove This—What Fertilizer Salesman Has to Say About it

Farmers are facing the prospect of buying fertilizers containing only a small amount of potash, this spring, and a probable chance of being unable to obtain any potash next fall.

Germany produces all the potash used in this country. Under normal condition the daily requirements of the United States is about 3,000, tons of potash. Since the beginning of the war, the shipments of potash to this country have been very small and on Feb. 1, a complete embargo was placed on the product by the German government.

This condition has brought about an average raise in the cost of fertilizer to the farmer of about \$1.00 a ton. Most of the companies are refusing to put out brands containing more than 2 or 3 per cent of the potash and have ceased to offer brands containing greater amounts. A brand containing ten per cent of phosphorous and ten per cent of potash which sold for \$23 last year, is now worth about \$29, but cannot be purchased at that price except from dealers that have quantities left over from last year's trade.

A district sales manager for one of the largest manufacturers of fertilizers in the United States, who is in Richmond this week, said all of the large fertilizer plants were forced to cut down the amounts of potash in their products, according to the Richmond Palladium.

"The farmer that has any sense is going to lay in his supply of fertilizer ahead of time," he said. "The man who has potash in his barn next fall will have it to use."

There has been an unusual demand for potash goods this season, and although manufacturers were giving the farmers the benefits of the amount of potash they had in stock, he said that this condition could not exist very long.

This shortage of potash will have some effect on the local crop condition. Although the greatest demand here is for phosphorous, and while the state experiments show that best gains are made from the use of this element, it is also known that a fertilizer containing from 2 to 4 per cent. of Potash will produce the most economical and profitable yields of gain on the typical clay loam soil

## Amusements

Not in many seasons has our stage been graced with so attractive and successful a romantic drama as "Omar, the Tentmaker," the spectacular Persian love-play in which Guy Bates Post will inaugurate a return engagement of one week at the Shubert Murat Theatre commencing Monday, March 8th. The regular box office sale starts Thursday.

The play relates the engrossing love-life of one of the most engaging characters in the world's history, Omar Khayyam, the merry-hearted Persian poet and mystic of the eleventh century. In the title-role Mr. Post has endeared himself in the affections of New York theatregoers during the past season to a degree unrivaled by any actor since the passing of the late Richard Mansfield. It is rare indeed that an actor so completely visualizes an heroic figure that his conception is universally accepted at par value by even the staunchest admirers of the person in question. Such however, is the notable achievement of Mr. Post in his remarkable characterization of the beloved Omar.

"Omar, the Tentmaker" is from the gifted pen of Richard Walton

## A direct from factory proposition

In Wayne and adjoining counties we sell Davis Cars direct to the car owner. This gives you the advantage of a SPECIAL PRICE, and because you are close to the factory you get direct factory service as well.

You should get our proposition before buying any car.

## The car that never fails

All car owners like to talk about their cars—to tell you what great hill climbers they are, how comfortable, "always on the job," etc. And once in a while, after praising his car "up to the skies" the owner can't get the engine started, or it balks and sputters, and lays down generally. But this never happens with Davis owners. All the good things Davis owners can say about their cars are true. Davis cars never fail.

# Where can you find a car at \$1235 with so many big features?

Every ounce of material that goes into the Davis Four at \$1235 is "sterling" as applied to high-grade automobile building. Every part's unit in the car is built by a parts maker who is the leader in his line. There are scores of great big features of worth in this car—we'll mention ten as typical. Compare the qualifications of any other car anywhere near the Davis Four price with these.

### WARNER TRANSMISSION

leaves no doubts on this unit. Three speeds forward and one reverse. The gears are large in size, of chrome vanadium steel. Bearings used are the best in the market.

### THE STEERING GEAR

on Davis Cars is also Warner. The worn and worn wheel principle makes it irreversible and is so designed that any wear may be easily taken up. No part of a car except the tires wears as quickly as the steering gears. The steering gear that doesn't provide for adequate adjustment is exceedingly unsatisfactory.

### IGNITION

is important, too. You want an ignition system that is positive and sure and trouble proof. You get it in the Westinghouse System on Davis cars. This big name westinghouse applies not only to the ignition, but also to the starting and lighting.

### THE BODIES

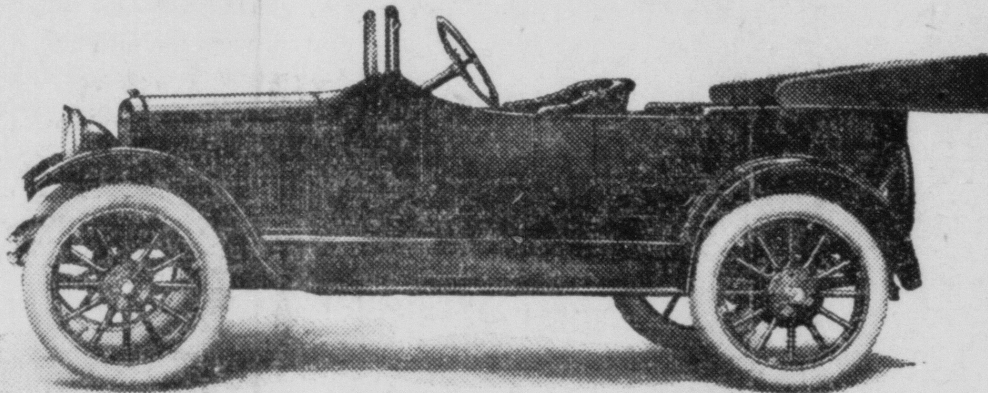

are big and comfortable, plenty of leg-room, wide doors, deep upholstery and easy cushion springs. These non-mechanical features round out the satisfaction one takes in a car to a wonderful extent. The finish is genuine painting and not a cheap job of japaning.

### DAVIS EQUIPMENT

You don't have to add a lot of accessories after you get a Davis. The Car is sold complete and each item of equipment is high-grade—top, windshield, flush type Stewart speedometer, electric horn, tire carrier and spare rim on rear, complete kit of tools, etc., etc.

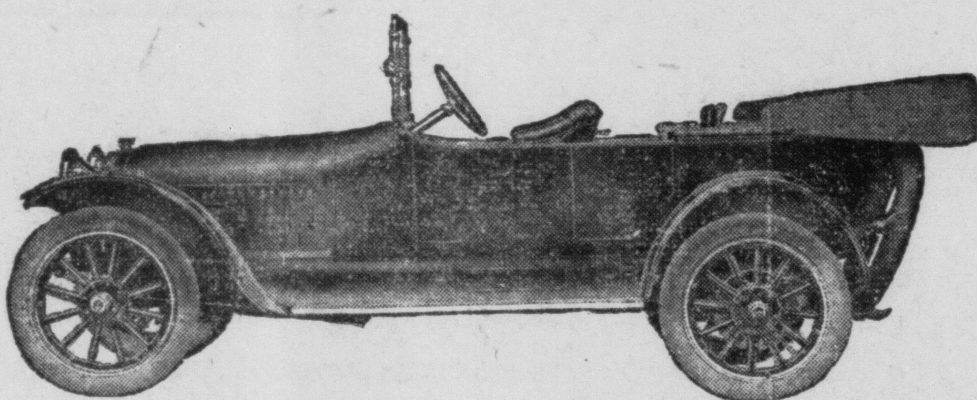

## \$1235 List Price of Two or Five Passenger Davis Fours

3 3/4 inch by 5 inch Four Cylinder Motor, Westinghouse starting, ignition, and lighting, 112 inch wheel base, 34 by 4 inch tires all around, all cars completely equipped with top, windshield and every desirable accessory.

## \$2185 For Seven Passenger Davis Six Five Passenger Six at \$2150.

3 3/4 inch by 5 1/4 inch Six Cylinder Motor, Bosch ignition, 128 inch wheel base, 37 by 4 1/2 inch tires all around, all completely equipped with electric starting and lighting, top, windshield and full complement of accessories.

Our salesman is at your service. He will stop at the Scanlan Hotel, Rushville. Call him, by phone or drop him a line and he will call at your home with a demonstrating car and give you full details in reference to our special proposition, and demonstrate just what this car will do.

## The Davis Motor Car Co. Richmond, Indiana

A CATALOG SENT FOR THE ASKING

### THE MOTOR

in this car is a Continental—you can't buy anything better than Continental. Cars at twice the Davis price use them. You are absolutely safe on the point of having a good power-plant, and it's a mighty important point.

### THE CARBURETOR

is a big element in the performance you get from your motor. A good carburetor can't make a poor motor pull nor can a poor carburetor get the best out of a good motor. But a Continental Motor and a Stromberg Carburetor—there is no better combination.

### A STRONG FRAME

means safety and we've made sure on this point by using a pressed steel channel of great strength. You'll appreciate the Davis spring suspension too—the three-quarter platform springs give a resiliency that means real riding comfort.

### THE CLUTCH

is very important, too—isn't it? Certainly—if you value a slow, easy pick-up of load when you start your car. And this gradual engagement of the clutch means longer life to the motor, transmission, and every driving member. The Davis clutch is a tried and positive success.

### THE AXLES

on Davis cars give a feeling of security to Davis owners. Nothing short of violent accident is going to impair the service of these axles—Weston-Mott both front and rear. The rear is the floating type with extra heavy bearings.

### Imagine Gloves With Holes In Finger Tips-But That's Fashion

BY MARGARET MASON  
(Written for United Press.)

The latest tip of Fashion Is your finger tip to see So take a tip and tip your mit If swaggar you would be.

New York, Mar. 5.—Gloves with buttonholed openings in the finger tips just sufficient for midday's rosy highly polished fingernails to show through are the very latest freak of Fashion for evening wear. This out at-the-finger mode started on the Riveira and has been snatched at with eager hands and taken up or rather taken on by all the well done ladyfingers of Paris.

That's what my friend, the war correspondent, writes me and he ought to know, for though he's over there to watch the warfare he does not miss much appertaining to the more fair. He has a weather eye on the sideline, 'twere. According to his expert opinion the peck-a-be glove when it reaches our midst will bid fair to rival even the vogue of that erstwhile, the Merry Widow hat.

Anyway it ought to boost business for the busy little manicures, for with an opening like that before it every self respecting finger nail will vie with one another to make its coming out party a vision of pink polished perfection.

After all, why shouldn't milady's finger tips be put on view? With a little of everything else exposed in the present all revealing naught concealing evening toilettes why draw the line at ten poor little innocent fingers.

Next to a hand painted face comes the hand painted hat. They come high too, my dears, but you simply must have one. Garlands of varicolored flowers are painted on the silk or chiffon covered upper brims of those cute little low crowned sailor shapes. Likewise painted in nosegays that would put poor Flora to the blush are those omnipresent ribbon bands that tie around the new Spring hats with dinky bows and drippy ends behind. Transparent hats with wide floppy brims of lace, maline and chiffon are in again and these also when the brim are of plain ungathered chiffon spurn not a hand painted rose or two in the their gossamer surfaces.

There's heaps of dot and dash about most of the new spring silks. Those that haven't had a check put on them will have us all quite dotty if we don't watch out for polka dots from the pin point variety up to the dimensions of a twenty five cent piece, are as thick as peas. There good old reliable combinations of a white dot on a black or navy blue ground and visa versa are much in evidence, like the complete check outfit to go with these dotted frocks there are also shown forsooth stockings, hats, parasols and handkerchiefs as dotty as they make 'em. Don't you just dote on dots?

Vivid embroidery in barbaric and oriental colorings and design is a feature of some of the smartest new suits and gowns. With a touch of metallic trimming it adds a piquant dash of color to the finish of the long flaring cuffed sleeves, the wide inset skirt pockets, outlines the necks and edges of the saucy boleros and borders the shortness of short skirts.

There is a simply stunning and stunningly new negligee enchaned with this brilliant embroidery. It was dubbed L'Egyptienne in Paris where it was evolved out on the simple straight lines of a kimona nightgown except that it opens along each shoulder and fastens again with effective ball buttons of amber. Developed in either a bright orange toned, crepe de chine in vivid green, royal purple or Chinese blue, it has a crude design of all these hectic tints outlined in heavy black twist embroidering the rather low round neck and down into a point effect to the bust line and banding the edges of the straight elbow sleeves.

This model lends itself beautifully to home manufacture. Four yards

of double width crepe de chine fashions or even three and a half yards according to your height. Add to this either silk or enough silk mull to line it through out, heavy silk twist for the embroidery and a little time and behold you have a Paris creation as effective as if it were purchased at the house of Poiret.

The House the Red Jacket Saved

Read This Letter:  
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

## Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

## DANDRUFF SURELY DESTROYS THE HAIR

Makes it Dull, Brittle, Lifeless, and Causes It To Fall Out.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

## Taverns Nourished Liberty

The colonial inn played an important role during the Revolution and the stirring times preceding it. The tavern keeper was the leader of his community in defying the English crown. His tavern was the meeting place of the little patriotic bands, which later were assembled into an army by Washington. The tavern was used as a recruiting station, constantly sending men to the firing line to strengthen the ragged, untrained American army.

Under the laws of the colonies, the taverns were required to keep for sale alcoholic beverages for the accommodation of guests and the townspeople, themselves. In addition, most of the landlords brewed malt liquor for their trade, the colonial governments especially encouraging them in this.

## Oliver Plows

It is a fact that every word we say about the No. 11 Oliver Sulky Plow is true, and if you have ever owned one you know we can't speak too well for this OLIVER SULKY. It is the best plow for any soil, at any time and under any conditions, that is manufactured today. Its construction is simplicity in every detail; hence it is light in weight. It is built to hug the ground; it is the only plow which successfully backs furrows, turns square corners, right or left without raising the base, and is acknowledged to be the lightest in draft and turns the soil in better condition than any other sulky plow. And I hereby challenge any manufacturer or dealer for a fair field trial that the No. 11 OLIVER SULKY is lighter in draft, will turn the soil in better condition, turn all trash under better and leave your ground in better condition than any other Sulky Plow manufactured.

We have a good stock of Oliver Sulky and Walking Plows and Repairs on hands, and invite you to call and see me, and get prices before you buy.

# CHANCES SLIM FOR BROOKLYN

Neither Dodgers Nor Brookfeds  
Stack up Favorably With Other  
Clubs in Their Leagues

## NAP RUCKER A BIG FACTOR

Feds Have Strengthened in Only One  
Place and That is at Second  
Base by Magee

BY HAL SHERIDAN  
(Written for United Press.)

New York, Mar. 5.—Chances for a pennant going across the bridge this season are rather cloudy. Neither the Brookfeds nor the Dodgers appear to stack up favorably with the other clubs in their respective leagues. If the Brookfeds are successful in getting Rube Marquard, the erratic portsider, their chances will look better as they have a fair array of pitching talent, already.

Wilbert Robinson, the corpulent leader of Ebbet's crew, declares his club's chances of getting into the world's series rest largely on how his veteran pitchers, particularly Nap Rucker, perform. Rucker was out most of last season with a bum shoulder, but he has been taking treatment all winter and is now at Hot Springs, Ark., taking the baths. If he is in shape and Jack Coombs should pull a come-back, the Dodgers are going to prove extremely annoying to the pace setters for they're a gang of sluggers any manager might be proud of.

Hard luck camped on their trail incessantly last year. After Rucker went out, O'Mara, whom many critics declare the most promising young shortstop in either league, also went out with a broken leg. He was certainly living up to the critics opinions when he had the accident. He is in shape again and will undoubtedly fill the short field berth.

The Dodgers lost three men to the Feds during the stove league raiding. Jack Delton, the slugging center fielder, took the hurdle to the Buffeds. His loss is going to be keenly felt for he was a real honest-John ball player. Fischer and Allen, the other two lost to Gilmore's raiders are not so important. Fischer was a second string catcher and Allen occupied the same position among the pitchers.

"Big Ed" Preffer is Robinson's particular pitching star. He was a wonderful performer last season and

# WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Downton St., Nicetown, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

## ACT QUICKLY

Delay Has Been Dangerous in Rushville.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of Rushville evidence of their worth. G. Priest, 223 W. Third street., Rushville, says: "For several years I had kidney trouble which came on by spells. The complaint started with a dull pain just over my kidneys, then I became weak and dizzy. Doan's Kidney Pills were finally brought to my attention and were so highly recommended that I got a supply at Johnson & Co.'s Drug Store. They proved to be the best kidney medicine I had ever tried and in a short time, my kidneys were normal."

(Statement given June 13, 1907.) OVER FIVE YEARS LATER, Mr. Priest said: "I still use Doan's Kidney Pills when in need of a kidney tonic and the results are always satisfactory."

Price 50c. at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest had. Foster-Milburn Co., Props. Buffalo, N. Y. (Advertisement.)

Robbie is counting heavily on him this season. Backing him up are Pat Ragan, Aitchinson, Brown Schmutz and the usual quota of recruits including Appleton of Fort Worth, Cadore of Wilkesbarre, Chabak of Harrisburg Dell of Seattle, Donald of Waco, Goodbred of Oshkosh, Howell of Chattanooga, and Smith of Newark. All of them have records better than usual.

Behind the bat Robinson has Otto Miller and McCarty, and to help them out has Snow of Oshkosh and Mack of Newark, a brother of Zach Wheat, the Dodgers heavy hitting fielder.

Dalton's place in the outfield probably will be filled by "Hi" Myers who amassed a batting average of .286 in seventy games last season. Casey Stengel and Zach Wheat will work on either side of him unless Willie Zimmerman, a Newark recruit grabs their jobs, which is about as probable as the Naps winning the American League pennant.

Jake Daubert will undoubtedly play first again and in all probability Cutshaw will cover second. For short O'Mara will win back his berth. Gus Getz who played third last year may have to put up a stiff battle to stay there. Schultz, a youngster has put in a bid for the job. He played in 155 games with Rochester last year and emerged with a batting average of .316. Hummell and Dick Egan supply the utility force.

The only place the Brookfeds have been materially strengthened is at second base. Lee Magee, the new manager, is going to cavort there about and if he performs as he did with the Cards it should be a large factor in their upward struggle. Magee's leadership too, must be reckoned with. Bill Bradley last year was a disappointment as a manager, and didn't get the best work out his men, according to the Wards. Magee undoubtedly will.

Tom Seaton heads Magee's array of twirlers. Comment on his work is unnecessary. Jim Bluejacket, the big Indian recruit, should prove a bear now that he has had the experience of a part year with the Brookfeds. Nick Cullop is expected to do better than last season and Byron Houck, late of the Athletics should slip over a few wins. Eddie Lafitte was a good man last year. The others are Finerman, Wilson, Marion, Peters, Somers, Upham, Chapelle and Juul.

"Hap" Jones probably will hold down first again. Magee will go to second, Eddie Cagnier to short and Tex Westerville to third. Delehanty and Holtz will fill in as needed.

Magee has an outfield he is expecting much of. Steve Evans was a bear with the stick last season. He is backed up by Claude Cooper late of the Giants and Eddie Murphy, old Athletic captain. Anderson will sub Griggs, Chouinard and Walsh will also be carried. Mike Simon, Grover Land and a Mr. Watson from the receiving staff.

Mrs. Austin's famous pancakes make a really delicious wholesome breakfast.

FIND EVIDENCE OF "BLIND PIG"

Police Assert That They Have Grounds For Charges Against Ed Wolter After Raid.

LOCATE WHISKEY AND BEER

Also Declare Wolter Holds a Government License—Search Pool Room and Home Also.

The police raided the pool room of Ed Wolter in West Third street last night and also visited his home, which is across the street. Only a small amount of intoxicants was found, but there was a variety ranging from beer to wine. The raid was pulled off about ten o'clock and was participated in by the three policemen and Sheriff Cavitt.

The pool room was the first visited. Three or four bottles of whiskey were found in a hunting coat, according to the police. The coat was behind the counter and the police believe that this is damaging evidence. At the Wolter home a barrel containing about three dozen bottles of beer was found. At the barn several barrels containing empty beer bottles were found.

The police received a tip that a shipment of either beer or whiskey had been received by Wolter yesterday, but if it was received the police failed to find it on the premises. The police found several bills of lading for shipments of beer bottles to that Wolter has been doing a business here for the brewery. Charges will likely be filed.

Chief Rosencrance asserts that Wolter holds a government license and the state contends that this is evidence of a "blind tiger." At the Wolter home the police found a jug containing some wine, but this Wolter claims was made by his wife and was for private use. The pool room was opened last night when the police visited the place and several men were there. The police do not contend that they have evidence of a sale and the charge against him will likely be for operating a place for the illegal sale.

This is the kind of a charge that was against A. E. Kinley, the Eagles custodian, and similar to the one against Newton Casey. Under this a sale does not have to be proved.

PASSENGER HITS BUGGY IN FALMOUTH

Lee Centers and George Young Escape With Minor Bruises and Horse is Killed Instantly.

The northbound passenger train on the Pennsylvania leaving here at six-forty o'clock last night hit a rig in which Lee Centers, of Bentonville, and George Young were riding, last night at Falmouth. The horse was killed instantly but the men escaped with a few minor bruises.

The men had been in Falmouth trading and were on the way home when the accident occurred. Neither men heard the train. The buggy was badly damaged.

Mrs. James Fry, living a short distance north of the city, will celebrate her ninetieth birthday anniversary Sunday and her friends are preparing to give her a postcard shower.

GIVEN ANOTHER CHANCE

Helen Smith Ordered by Court to Leave the City.

Helen Smith, who with Delbert Newman and George Myers, were fined \$500 and sentenced to six months in jail by Judge Sparks on charges of encouraging delinquency, was brought into court again this morning and was urged by Judge Sparks to leave the city. When the sentence was suspended by the court it was the understanding that the Smith girl would not associate here with the people she knew and the court told her to leave Rushville. When she failed to comply with his request Sheriff Cavitt was told to go get her and she was given another chance.

HARRY LAKIN, 38, SUCGUMBS TODAY

Former City Clerk Expires Following Prolonged Illness With Tuberculosis.

LEAVES WIDOW AND TWO SONS

Harry Lakin, 38 years old, former city clerk and a well known resident of this city, died this morning at three-thirty o'clock at his home in North Main street, from tuberculosis. Mr. Lakin had been ill for a long time and this winter entered Rockville hospital in the hopes of bettering his health. He gradually grew worse and was brought home about a month ago.

Mr. Lakin for many years was employed at the Bliss and Cowing store. His death came as a shock to his many friends although it had been expected. He served one term as city clerk being elected on the Republican ticket. Mr. Lakin was a member of the Red Men and Royal Arcanum lodges.

He is survived by his widow and two children, Charles and Robert. His parents, Mr. and Mrs. Taylor Lakin, also survive.

The funeral services will be conducted Sunday afternoon at two o'clock at the late residence by the Rev. C. M. Yocum. Burial will take place in East Hill cemetery and will be in charge of the Red Men.

COMPROMISE LEVI CLAIM FOR \$2,125

Estate of Man Who Was Killed in Fall From School Building to Receive This Sum.

PETITION WAS GRANTED

The estate of the late John Levi, who died following a fall from the Graham Annex building, will receive \$2,125 in a compromise effected today with the contractor, Stephen Purcell. The administrator for the estate, the Peoples Loan and Trust company, filed a petition in court asking permission to compromise the claim and it was granted by Judge Sparks.

It was set forth in the petition that the estate had good cause for a suit against the contractor but as he had offered to compromise for \$2,125 it was thought best to accept the proposition. Levi fell from the roof of the new building when a derrick became loosened throwing him off the roof.

DISTRICT MEET TO BE HELD HERE

Reg Men of Eight Counties Will Gather in Rushville March 23 For Three Sessions.

DEGREES TO BE CONFERRED

Teams From Cadiz, Shelbyville and Connersville Will Give the Work at Night.

The district meeting of the Improved Order of Red Men will be held here Tuesday, March 23. The forty-five tribes of the district will be represented. There are eight counties in the district as follows: Decatur, Fayette, Wayne, Henry, Hancock, Shelby, Union and Rush.

The three sessions throughout the day and evening will be held in the wigwam of Tappah tribe, No. 102. The forenoon will be devoted to the registration and reception of visiting chiefs.

At one-thirty o'clock in the afternoon the tribal council fire will be kindled. All chief degree members are eligible to this session. After a word of welcome the great chiefs of the great council of Indiana will be in charge and a school for instruction will be opened. Reports from each tribe represented will be heard. This part of the program will be concluded with an exemplification of the unwritten work of the order.

The great council fire of the great council of Indiana will be kindled by the great chiefs at three-thirty o'clock in the afternoon. The degree will be conferred upon all representatives presenting the proper credentials.

In the evening at seven-thirty o'clock the adoption, warriors and chiefs degrees will be conferred by the degree teams from Cadiz, Shelbyville and Connersville respectfully.

ATTEMPTS TO BURN DOWN A BUILDING

Calvin Gwinnup, Aged Inmate of County Asylum, Sets Fire to His Bed This Morning.

DISCOVERED JUST IN TIME

Calvin Gwinnup, an aged inmate of the county poor asylum, attempted to burn his bed and thus destroy the small house at the county farm in which some of the inmates live, this morning. By some good fortune, the fire was discovered in time to quench it and very little damage was done.

While the rest of the inmates were at breakfast, Gwinnup was alone in the small building with four invalid inmates who are unable to get around. He set his bed on fire and then sat down to watch it burn. None of the other persons in the building were able to sound the alarm and they sat there mute and helpless.

It so happened that the superintendent of the farm had to go outside for a moment, saw the fire and put it out. Gwinnup has threatened to burn down the buildings at the farm. He is kept locked up at night but is at liberty during the day.

The Bible class and social club of St. Paul's church will meet Monday evening at seven o'clock with Miss Elma Hockersmith, 906 North Harrison street.

COUNTY CLUB WOMEN HERE

Make Arrangements Today For Convention of Sixth District Federation of Clubs.

TO BE HELD HERE MAY 20-21

Committees Are Appointed and Organization Perfected—County Federation Expected.

At the luncheon held today at the Scanlan House plans and arrangements were made for the annual convention of the Sixth District Federation of Women's clubs to be held here May 20 and 21. Thirty women attended the luncheon and practically every club in the county was represented. A county federation was to be formed before the meeting adjourned.

Mrs. T. B. Henley, of Carthage, district president of the federation, was present. Mrs. Guy Abernethy of this city presided at the meeting. Committees were appointed for all various phases of the convention and the program will be an attractive one. One of the features will be a reception at the home of Mrs. James E. Watson. The complete list of committees is as follows:

Finance Committee.

Mrs. Roy Waggener, Mrs. Rich Wilson, Miss Anna Bohannon, Mrs. Mary Jones and Miss W. Newsom.

Lunch Committee.

TENANT HOUSE BURNS DOWN

Frame Dwelling on Alva Jenkins' Farm is Destroyed.

The tenant house on Alva Jenkins' farm, a short distance northwest of Rushville, inhabited by Luther Rieker and family, burned to the ground yesterday afternoon and was a complete loss to both Mr. Rieker and Mr. Jenkins. The fire originated from a defective flue. The loss is estimated at about seven hundred dollars, not covered by insurance. Mr. Rieker was able to save only a small part of his household goods. It was a frame dwelling.

Governor Includes the Tuberculosis Measure Among Them.

(By United Press.) Indianapolis Ind., March 5.—Governor Ralston today signed the drastic Harmon bill for the control of tuberculosis. It provides for the reporting of all cases of tuberculosis on the death or removal of a tuberculosis patient. He also signed the Grubbe bill for establishing a commission to teach the blind; the Eikman bill prohibiting the use of searchlights in hunting.

TRY TO IMPEACH JUDGE EARL SAMPLE

Resolution Submitted in House Today on Account of His Action in Lynam Murder Case.

IT IS DEFEATED HANDILY

(By United Press.)

Indianapolis, Ind., March 5.—The house today by almost unanimous vote refused to adopt a resolution offered by Representative Cleary, Republican of Indianapolis, for the impeachment of Judge Earl Sample of the Hancock circuit court. The grounds of impeachment stated in the resolution were that Judge Sample had permitted Perry Lynam indicted in Marion county for first degree wife murder, to plead guilty to a charge of second degree murder and accept a life sentence in the absence of the Marion county prosecutor.

Representative Reeves of Hancock county, who defended Judge Sample, said that it was impossible to get a jury in Hancock county to inflict the death penalty.

ACCIDENT FATAL TO ED ABERNATHY

Former Rushville Man Dies in Indianapolis Today From Injuries Sustained Wednesday.

FUNERAL WILL BE AT HOMER

Edward Abernathy, former resident of this city, died today in Indianapolis from injuries received when the wagon he was driving was hit by an interurban freight car Wednesday. He was thrown ninety feet and suffered a fractured skull and other injuries. At the time there was not much hope maintained for his recovery. He formerly lived in Beuna Vista avenue here and was known to his many friends as "Peck" Abernathy. He has a brother, A. G. Abernathy, living in Homer.

The remains will be brought here at noon Saturday and taken to the home of his brother in Homer. The funeral services will be conducted Sunday afternoon at two o'clock in the Pleasant Ridge church and burial will take place in the church cemetery.

SIX SUBMARINES LOST.

(By United Press.) London, March 5.—Six German submarines have been lost since the beginning of the war, it was announced by the British admiralty following announcement from the French marine office that the German submarine U. 8 was sunk by French destroyers off Dover.

FELONS RELIEF BILL IS KILLED

House Puts it to Death With Ease After Its Friends Attack Indianapolis News.

REP. LYDAY MAKES A CHARGE

Says News is Trying to Railroad Mayor Bell—Machine is Scored Once More.

(By United Press.)

Indianapolis, Ind., March 5.—The house today by a vote of 56 to 36 killed Senator Elsner's bill to compel a judge to grant a change of venue from the county at the request of a defendant accused of election corruption.

Friends of the bill centered their efforts in an attack on the Indianapolis News which has been fighting the bill with the charge that the bill was directed at Judge Collins of the Marion county criminal court.

Representative Lyday, speaking for the bill, charged that the News is trying to "railroad Mayor Joseph E. Bell and his fellows." He did not say where.

"A man has been imported into Indianapolis by the Indianapolis News to bring about the downfall of the Democratic party," cried Lyday. "This man is cloistered with the grand jury. Joe Roach won't stand for 'em to indict a Republican. If they bring about an indictment of Joe Bell and his fellows they will fix the jury to the railroad then."

"The News brought about the indictment of a respected member of this body, Mason J. Noblack, for no other reason than to ruin his political prospects."

"There is great excitement in election prosecution and the defendant should have the right in to a change of venue."

Representative Jones, Democrat, spoke against the bill, saying the constitution guarantees an accused man a fair trial in his own county where the crime was committed.

Representative Miedreich declared the bill was unconstitutional in spirit, changing the law making it easier for certain prospective defendants after the alleged crime was committed.

Representative Harvey said the alleged "election crooks" classed themselves with murderers and traitors by the bill.

Just as the house adjourned Representative Griffith, Democrat, yelled.

"Bah, for the Indianapolis News. It wasn't the News that put Niblack."

The Dollars We Get And Give

Some one has said that the dollars we get are small but the dollars we spend are always large.

And the lesson seems to be "Get your money's worth."

This means buying with knowledge of goods, markets and prices.

And the great business educator is the advertising in daily newspapers.

And the further lesson is to "Get what you ask for."

When you call for a definite article by name, remember it is your money you are spending.

Don't take a substitute, and shun the storekeeper who habitually offers things "just as good."

# WHEAT DOWN VERY LITTLE

May Option Decline But Other Grain is About Same.

Chicago, March 5.—May options in wheat were a bit lower today although the grain market generally was about the same as yesterday. July wheat closed at \$1.12 7/8 cents, which is the same price as that quoted at the close yesterday. May wheat closed at \$1.38 cents per bushel, which was 1 5/8 cents lower than Thursday's close. May and July corn and May and July oats fell off just one-eighth of a cent as compared with yesterday.

# EAT LESS BREAD. MORE POTATOES

This is Advice of Department of Agriculture if Wheat Continues to Mount in Price.

## QUALITIES ARE COMPARED

Ten Cents Worth of "Tubers" Give More Actual Nourishment Than Two Loaves of Bread.

Washington, D. C., Mar. 5.—If wheat remains at its present high figure or continues to rise in price and if there is a corresponding increase in the price of bread, scientists in the United States Department of Agriculture suggest that the ordinary household will find it advantageous to eat more potatoes and less bread. With potatoes at 60 cents a bushel, ten cents worth—or ten pounds—will give the consumer a little more actual nourishment than two one-pound loaves of bread at five cents each. The protein and fat are present in appreciably larger amounts in the bread, but the potatoes will be found to furnish more carbohydrates, and more heat units. Carbohydrates (starch) contribute greatly to the energy value of any diet and since potatoes are rich in these, families that wish to expend their money to the best advantage are recommended to consider whether they cannot make a more extended use of them. They are easy to cook and when prepared in different ways can be made to lend variety to the winter diet when green vegetables are hard to obtain. Like other foods relatively rich in carbohydrates, however, potatoes should be eaten with foods correspondingly rich in protein, such as milk, meat, eggs, etc., and with foods like butter, cream and meat fat to supply the fat that the body needs.

Under normal conditions in Europe and America the potato ranks next to bread as a carbohydrate food. If prices change sufficiently to make it desirable from a financial point of view there is no scientific reason why potatoes should not be substituted to a great extent for bread. In addition the potato like many fruits and vegetables, helps to neutralize an acid condition in the body. This is another reason for its being eaten in combination with meat, fish, and other animal foods.

# FORMER SENATOR SPEAKS TWICE HERE

Frank Cannon Will Address Men's Meeting Sunday Afternoon and Mass Meeting at Night.

## HE IS MORMON AUTHORITY

Frank J. Cannon, the last delegate in congress and the first United States senator from Utah, will deliver two addresses here Sunday, one to a men's big meeting in the afternoon at two o'clock at St. Paul's M. E. church and another to a mass meeting at the Main Street Christian church at seven-thirty o'clock in the evening.

In the evening the former senator will discuss "Mormonism", in which subject he is especially well versed. Mr. Cannon is reported to have been the chief agent by whom it was arranged for Utah to be admitted as a state, and it is declared that the Mormon church violated its promise to cease the practice of polygamy. The Evening Times of Olean, N. Y., makes this comment on Mr. Cannon's ability as a speaker:

## DYNAMITE IN SITUATION

Constitutionalists Money Ordered Legal Tender in Capital.

(By United Press.) Washington, March 5.—The Mexico City situation was full of dynamite today. State department officials admitted this following Secretary Bryan's announcement that General Obregon had ordered the shops opened and declared Constitutionalists money legal tender despite the doubt of it being legal tender.

## SUIT ON CONTRACT.

Judge Sparks heard the case of Walter E. Smith and Edith B. Smith against Joseph Stern this morning in the circuit court. The suit was based on a contract and the demand was \$300. Stern formerly occupied the Smith room in West Second street and the plaintiff alleges that he violated the contract when he moved to the present location in North Main street. All of the evidence was submitted and the argument will be given in writing.

## REYNOLDS FINED.

Blaine Reynolds, of Lewisville, was fined ten dollars and costs and given a thirty days jail sentence in the Henry circuit court when he pleaded guilty to the charge of assault and battery on Robert Peckle. The jail sentence was suspended by the court.

## EARTHQUAKE FELT.

(By United Press.) Florence, Italy, March 5.—The cities of Bologna and Leghorn today reported strong earthquake shocks occurring last night at eight o'clock. No damage was done but residents of the two cities were thrown into a panic.

# FURTHER PROGRESS IS REPORTED TODAY

Allied Fleet Continues to Pound Away at Dardanelles Fortifications Athens Says.

## HEAVIEST FIGHTING TO COME

(By United Press.) London, March 5.—Pounding away at forts Kilid Bahr and Chauak, 145 miles from Constantinople, the allied fleet has made further progress in its attempt to force the Dardanelles. Athens dispatches reported today. Chauak's fire has become more feeble and Vice-admiral Carden is confident that the Turkish stronghold will crumble within forty-eight hours.

But in spite of optimistic reports from Athens today, the admiralty declared today the heaviest fighting inside the Dardanelles was yet to come. Steaming past the first forts, the allied fleets will meet the fire of modern Krupp guns for a distance of nearly 20 miles before they emerge in Marmora sea for the final dash upon the Ottoman capital.

# TOWN OCCUPIED IN BURYING DEAD

Eighty-Seven Bodies Have Been Recovered From Mine Where Explosion Took Place.

## 182 MINERS WERE ENTOMBED

(By United Press.) Layland, W. Va., March 5.—Carrying the dead from a wrecked and poisoned mine, digging of graves and the making up and dispatching of funeral trains were the principal occupations of this little mining town today.

Rescuers during the night finally opened up the remotest recesses of mine No. 3 of the New River and Pocahontas Consolidated Coal company where an explosion early last Tuesday entombed 182 men, and early today the total of bodies recovered had been swelled to eighty-seven.

**Amusements**

The Mystic offers a two reel Lubin drama "A Soldier of Peace" for the first picture tonight. Earl Metcalf is featured. It is a thrilling drama and tells a beautiful story. The other picture is the fourteenth episode of "The Beloved Adventurer" series. Arthur Johnson plays his famous part of Lord Cecil in this one. Tomorrow night the two reel feature "The Fatal Opal" will be shown.

The Princess will show the big feature "The Christian" for the program tonight. Earl Williams, Edith Story, Charles Kent, Harry Northup, James Morrison and other well known Vitagraph players are featured. The picture is taken from Hall Caine's superb love story and the production is said to be wonderful. The acting in "The Christian" is said to be wonderful and it required over six months to make the film. The picture is in eight reels and 500 scenes. Over three thousand people are used to produce the picture.

Tonight the Gem will show Grace Cunard and Francis Ford in "The Call of the Waves." Two reel Gold Seal society drama. Grace is loved by Frank. Frank goes to college and Grace feels she is not his equal. She rescues a wealthy woman and her son from drowning, in return the woman takes her to the city and educates her. Grace and Frank disagree, and she goes abroad—to forget. She winds up in Monte Carlo at a gaming table. There she meets Frank and they both realize the futility of it all. By the sea they embrace and all ends happy. Mary Pickford will also be seen in a beautiful Imp drama. Tomorrow, matinee and night, "The Devil's Eye" will be shown. This is one of the most thrilling and realistic pictures ever shown.

#### A Democratic Confession

The following is from the old rock  
ribbed Democratic Cannelton (Ind.)  
Telephone:

"Why is it we do not see long  
articles setting forth the great and  
good points of practical results in  
the Underwood tariff bill, in our  
Democratic exchanges? The bill  
has been passed long enough for the  
country to be reaping the benefits  
of a low tariff—if a low tariff is  
what we have been needing. It was  
said that the low tariff would put the  
high cost of living within the reach  
of all and at the same time give  
labor to all. We want to see the fac-  
tories start and the high cost of liv-  
ing lowered; our erstwhile fond hope  
of the good effects of a low Demo-  
cratic tariff have been somewhat  
shattered, because 'the goods have  
not been delivered' as the theorists  
promised. If the importation of  
cheaper-made goods has not closed  
our factories, what has done it? Don't  
you think we have made the  
mistake of getting the price too low  
for the good of all concerned? Does  
n't the condition of the country  
prove it? Suppose we could have  
a national election two months from  
now—would there be any doubt  
about the result? And we can all  
guess why, too! We have been  
honest and industrious all right, but  
have just been mistaken that's all.  
Our figures were placed too low. It  
remains to be seen whether the  
country will recover sufficiently dur-  
ing this year and next to enable us  
to keep from being 'wiped off the  
face of the earth' so to speak, in a  
national campaign that will take  
place in the fall of 1916. If we are  
going to do anything, we had better  
get busy."

#### What Our Neighbors Are Talking About

##### "New Freedom" at Gary

(Monticello Herald)

At the entrance to the steel mill  
in Gary, near the employment office,  
is a large vacant lot, comprising  
enough ground to make a city block  
or two. It is there those seeking  
employment stand in line awaiting  
their turn to enter the office and  
press their claim for work.

A few days ago the steel mill ad-  
vertised that on Monday it would  
open other furnaces and take on ex-  
tra men. This strip of ground was  
inadequate to hold the applicants.  
When the whistle blew at seven  
o'clock in the morning, 3,500 men  
were in waiting, anxious to get a  
chance to earn money enough to buy  
the necessities of life. They were  
not all foreigners either but many  
of them born and raised in the good  
old Hoosier state.

This condition is a direct result of  
the infamous Underwood tariff law,  
which makes it possible to import  
steel rails into Chicago from for-  
eign countries cheaper than they can  
be made in Gary.

This crowd would have furnished  
a splendid audience for President  
Wilson or Secretary Bryan to have  
addressed, expounding the doctrine  
of the "New Freedom."

**Still Watching, Waiting and Failing.**  
(Cincinnati Enquirer, Dem.)

The present Administration of the  
United States, however, struck down  
recognized authority in Mexico, and  
by that act authorized and organized

criminals to rule the country, author-  
ized and organized the factions it  
permitted to arm, to burn, to ravage  
and to destroy.

Two years of that boasted watch-  
ing and waiting policy have ruined  
the people of Mexico, humiliated and  
shamed the people of the United  
States and demonstrated to the  
world the weakness, folly and incapacity  
of those charged with the re-  
sponsibilities of our foreign rela-  
tions.

Two years of horrors in every vil-  
lage, town and city of Mexico; two  
years of rapine robbery and murder;  
two years of outrages upon women,  
of execution of men, of desecration  
of sacred edifices, of changing civiliza-  
tion to barbarism. These remain  
as the monuments to the men who  
obstinately refused to listen to the  
advice of those who knew condi-  
tions in Mexico, but persisted in their  
ignorance to follow the counsels of  
personal agents no better informed  
than those they represented.

Two years of failure, of worse  
than failure, in the Mexican policy  
of those in control of the United  
States Government, and that Govern-  
ment's task still undone and made  
much harder to accomplish in the  
future.

#### Notice of Improvement Resolu- tion.

##### Resolution Ordering the Oiling of Certain Streets in the City of Rushville, Indiana.

Rushville, Ind., March 5, 1915.

To Whom It May Concern:

Notice is hereby given by the common council  
of the city of Rushville, Indiana, that it is de-  
sired and deemed necessary to make the follow-  
ing described public improvements in the city  
of Rushville, Indiana, as authorized by Im-  
provement Resolution No. 38, adopted by said  
common council on the 24 day of March, 1915.

Palo Alto Street—To Buena Vista Avenue.

Pearl Street—Second street to River.

Julian Street—First street to Eighth street.

Gosnell Avenue—Main street to Eighth street.

And such improvement is now ordered.

The costs of said improvement, including the  
cost of street and alley intersections shall be  
assessed upon the real estate abutting on each  
of said streets respectively and upon the City of  
Rushville, Indiana, if the said City be ben-  
efited by said improvement, all according to the  
method and manner provided for in the act of  
the General Assembly, State of Indiana, en-  
titled "An Act Concerning Municipal Corpora-  
tions," approved March 8, 1915, and Acts  
Amendatory and Supplemental thereto.

Under no circumstances shall the City of  
Rushville, Indiana, be or be held responsible for  
any sum or sums due from said property owners  
or owner from said work, or for the collection  
of the same, or for the payment of any bonds,  
certificate or certificates issued to said  
contractor in payment for such work, except  
for such moneys as shall have been actually  
collected by the City for assessments for such im-  
provement, or such moneys as said City is by  
said act entitled Act required to pay. All  
assessments, payments, and proceedings had and  
work done in the making of said improvement,  
assessment of property, collection of assessment  
and payment therefor, shall be as pro-  
vided for in the above entitled Act and Amend-  
ment thereto.

The common council of said city has fixed  
THURSDAY, THE 25th DAY OF MARCH, 1915,  
as a date upon which remonstrances may be filed  
or heard, by persons interested in or affected by  
said described public improvement, and on said  
day, at 7:30 o'clock p. m., said common council  
will meet at the council chamber, in said city of  
Rushville, for the purpose of hearing and con-  
sidering any remonstrances which may have  
been filed, or which may be presented, and will  
hear all persons interested, or whose property is  
affected by said proposed improvements, and will  
decide whether the benefits that will accrue  
to the property, abutting and adjacent to the  
proposed improvements, and to said city, will be  
equal to or exceed the estimated cost of the  
proposed improvements, as estimated by the city  
civil engineer.

## TO MAKE CLUB COVER STATE

Directors of Indianapolis Republican  
Organization Will Extend Its  
Membership.

#### THEIR PLANS ARE OUTLINED

Newspaper Editors Are Entertained  
and Function Will be Held For  
County Chairmen.

To make itself a factor in the Re-  
publican party in Indiana, not by  
trying to help the prospects of any  
one candidate or dictating any given  
policies, but by working for the suc-  
cess of Republicanism, is the avowed  
purpose of the campaign of the Col-  
umbia club, Indianapolis, the first  
step in the campaign being the en-  
tertainment of Indiana Republican  
newspaper editors yesterday with a  
luncheon.

John B. Cockrum, chairman of the  
committee in charge of the campaign  
for new members; Charles W. Mil-  
ler, vice-president of the club, and  
William L. Taylor, spoke outlining  
the plans of the campaign. The  
history of the club was recalled,  
showing that the organization was  
the outgrowth of a marching club to  
advance the interests of Ben Har-  
rison when he was a candidate for  
the Republican nomination for pres-  
ident. He was nominated and elected  
and the club became a permanent in-  
stitution, and has remained a Re-  
publican club to this day, the speak-  
ers asserted yesterday.

L. O. Hamilton, who is well known  
and related here and who was born  
and reared near Orange, presided as  
toastmaster yesterday. He as pres-  
ident of the club explained that it  
was the wish to have the aid of the  
Republican editors of the state, in the  
effort to increase largely the mem-  
bership of the Columbia Club through-  
out the state and to make it a state-  
wide proposition. Republicans from  
all parts "at their own home in the  
Circle," in Indianapolis. He said the  
board of directors of the club be-  
lieved that it would cause a good  
feeling and cement together a last-  
ing friendship among the Republi-  
cans of the state, and in this way  
promote harmony and a get-together  
spirit that for a few years had  
seemed somewhat lacking.

The membership committee in-  
cludes one member of the club in  
each congressional district of the  
state. Mr. Hamilton has opened  
headquarters for the membership  
campaign on the fifth floor of the  
Columbia Club building, with Mr.  
Neal in active charge. In the cam-  
paign the state will be divided into  
four districts, and in each of these  
districts will be placed a solicitor,  
who will visit each county in his dis-  
trict, and spend in each county the  
time necessary to complete his work  
there in furtherance of the mem-  
bership campaign. While the solicitor  
is in a county he will ask the assist-  
ance of Columbia Club members in  
that county, the Republican editors  
of the county and the Republican  
county chairman.

It is stated that already a number  
of Republicans in the state have  
signified their intention to join the  
club under the new plan of associate  
membership, which provides that a  
Republican who is not a resident of  
Indianapolis may become an associ-  
ate member of the club without  
buying any stock or paying an ini-  
tiation fee, the only expense being  
the regular dues of \$20 a year, pay-  
able \$10 on March 1 and \$10 on Sep-  
tember 1, in advance.

At present, members anywhere in  
the state are required to buy a share  
of stock and pay \$25 initiation fee,  
as well as the annual dues. A. B.  
Ayres, a member of the club at  
Fortville, as an evidence of the in-  
terest being shown, has already ob-  
tained the promise of ten new mem-  
bers.

A luncheon will be held at the club  
in about two weeks for all Republi-  
can county chairmen and all Republi-  
can district chairmen, with Will H.  
Hays, Republican state chairman,  
and L. W. Henley, Republican state  
secretary, both of whom have prom-  
ised their active co-operation.

## KINSLEY IS OUT ON BOND

Not Sent to Jail Pending Trial in  
Circuit Court.

A. E. Kinsley, custodian of the  
Eagles lodge, who a jury in Mayor  
Bebout's court early yesterday mor-  
ning found guilty of operating a  
"blind tiger" at the Eagles club  
rooms and sentenced him to six  
months in jail and fined him \$125,  
says the headline in the Republican  
yesterday, "Fined \$125 And Sent to  
Jail" is misleading and asked that it  
be corrected. In reality, he was not  
"sent to jail" although he was sen-  
tenced to jail, because he appealed  
the case to the circuit court and his  
appeal bond placed at \$250, which  
he immediately furnished and was  
allowed his freedom. The jury also  
recommended that the jail sentence  
be suspended pending good behav-  
iour.

## To Have Beautiful Hair--No Dandruff

If your hair is losing color, too  
dry, brittle, thin, or the scalp itches,  
immediately begin the use of Parisian  
Sage. The first application stops  
itching head, removes all dandruff,  
invigorates the scalp, and beautifies  
your hair until it is soft, fluffy and  
gloriously radiant.

Parisian Sage supplies all hair  
needs and contains the exact ele-  
ments needed to make it grow long,  
thick and beautiful. It is delicately  
perfumed and not expensive at  
Johnson's Drug Store.

You will be delighted with this in-  
vigorating toilet necessity for noth-  
ing else is so beneficial as Parisian  
Sage or so quickly gives the hair  
that enviable charm and fascination.

### THE AUTO-OILED WINDMILL

WITH DUPLICATE GEARS  
RUNNING IN OIL

Every bearing is constantly flooded with oil. Two quarts of oil in the gear case of this  
8-foot auto-oiled windmill will keep the gears and every bearing flooded with oil for a  
year or more.

The galvanized steel helmet covers the gears, keeps out rain, keeps out dust, keeps  
in oil. The mill needs oiling but once a year.

There is a windmill, known the world over as "the windmill which runs when all  
others stand still." This new windmill with gears and bearings flooded with oil runs in  
much less wind than that well known windmill.

The two large gears, which lift the load straight up, are each independent of the other and each  
is driven by its own pinion on the main shaft and must take its full load at all times.

The auto-oiled windmill, with its duplicate gears and two pinions lifting the load straight up, is un-  
breakable. Every 8-foot mill is tested under a pumping load of 3000 pounds on the pump  
rod. For the larger sizes the load is proportionately greater. We know that  
every one of these windmills is unbreakable. We venture the assertion  
that this is the most nearly perfect, best made, best tested,  
best oiled, most nearly perpetual, automatic and self-  
sufficient of any machine of any kind ever made  
for farm work and the most nearly fool-proof.

There is no friction on any part of the fur-  
ling device when the mill is running and very  
little when the wheel is furled.

A small child can easily furl this  
windmill or an automatic regulator can  
take care of it. One of these mills has been furled  
10,000 times in one day by a man on our premises—more  
times than it would ordinarily be furled in 30 years of service.

A band brake, of the automobile type, is used, and it always holds.

The gear case contains two pairs of gears and the supply of oil. From this  
gear case the oil circulates to every bearing in a constant stream. It flows out  
through the friction washers in the hub of the wheel and is automatically returned to  
the gear case. Not a drop of oil can escape. It is used over and over. So long as  
there is any oil in the gear case the gears and every bearing will be flooded with oil.

If you are tired of climbing a windmill tower; if you are tired of buying repairs  
and having them put on; or, if you are tired of waiting for a big wind, let us fur-  
nish you an unbreakable, self-oiling, ever-going mill to go on any old tower. It  
costs but little and you will get the difference between no water in a light wind  
and an abundance of water in almost no wind. The flooding of all the working  
parts with oil, the perfect balance of the wheel and vane on the tower, the very small  
turntable on which the mill pivots and the outside furling device make this difference.

Now there is no objection to a high tower. Have as high a tower as you need to  
get wind. You don't have to climb it. Your dealer can come once a year and put  
in oil, if needed, and inspect the mill.

Running water purifies itself—stagnant water, standing water, collects and retains impu-  
rities. If you pump from your well constantly all the water is clean, the water that comes  
in to take its place will be pure. If the water in your well stands until you happen to want some,  
and you pump but little, then it is likely that surface water will flow into it and carry in im-  
purities. The unsafe well is the one that has standing water. A flowing stream is the thing to be desired.

The auto-oiled windmill makes all this possible as it can run from one year's end to the other with  
practically no wear and no cost. If interested, write Acme Motor Co., 146 So. Campbell Ave., Chicago.

Why not have flowing water, cool in summer and warm in winter, always fresh and pure? It  
will cost next to nothing. It will give health to your family and stock. Let the water run into a  
good size reservoir and raise all the fish of the choice kinds your family can eat, and have water to irrigate  
your garden and make it raise many times as much as it would otherwise. Water costs nothing. Use it. To let it stand is to abuse it.

Uric Acid Poison Undermines Health

Rheuma Drives it From the System and Eliminates Rheumatism.

Ever since Rheuma has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This is due to the fact that Rheuma is guaranteed to eliminate rheumatism or money back.

It is a quick acting remedy, too. You do not have to wait a long time for results. Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous uric acid, the chief cause of rheumatism, has begun to pass out of the body through the regular channels. It is also good for gout and neuralgia.

One 50-cent bottle will prove to any rheumatic sufferer that Rheuma surely will cure rheumatism. Sold by Johnson's Drug Store and all druggists.

TWO PLANS GIVEN CLUB DIRECTORS

Nothing Definite Done Regarding Lease, But Both Propositions Are Being Considered.

WILL CONSULT DAVIDSON

At the meeting of the board of directors of the Rushville baseball club last night John Walker, holder of the present lease to the grounds submitted two propositions for the turning of the property over to the new management. The board took both under advisement and will make known their intentions in a few days. Another meeting will be held tonight to further discuss the question.

The secretary was instructed to get in touch with Manager Davidson regarding the kind of a diamond—sod or skinned—he preferred. It will also be ascertained as to the best way to construct the infield so as to get the proper drain. It has about been determined to place the grand stand over next to the road and a real stand will be erected.

RUSHVILLE SHOULD WIN FIRST TONIGHT

Dope All Points to Victory For Locals in First Game of District Basketball Meet.

MOORELAND TO BE OPPONENT

Friday night's basketball bill at the Coliseum includes three games. First games of the state sectional tourney will be played before and after the Rose Poly-Eartham contest, says the Richmond Item.

Inasmuch as both the college and high school games are of great local interest a record-breaking crowd is expected. Richmond Ht. will have two full sections reserved for its rooters. While the R. H. S. does not figure in either of the three games the result of the same will be watched with interest, as Newcastle-Richmond's most dangerous rival will be in action for the first time.

In the matter of doping out winners, Newcastle and Rushville should take the high school contest. Newcastle has defeated Connersville twice this year and will repeat if the Rose City team is in form. At all, Rushville has it on the Mooreland boys on relative scores made this year and should win this game. In the Eartham game the Quakers seem all to the good in picking a probable winner.

Ladies Musicales Will Give Benefit Concert at Arlington.

The Ladies Musicales of this city will give a benefit concert in Arlington a week from tonight, Friday, March 12, in the school auditorium there. The Musicales will present again the Japanese operetta, "The Feast of the Little Lanterns," and all those having parts will appear in costume. A reader from here will also assist in the program, but it is not announced yet who that will be. Ferdinand Schaeffer, a violin teacher of Indianapolis, and Miss Leona Thomas will give a program of violin numbers before the Musicales concert. Miss Jessie Kitchen and Mrs. Verl Bebout will be accompanists. A small admission fee will be charged.

TWO BOYS FINED 5 DOLLARS AND COSTS

Charley Bennett and Carl Jackson Found Guilty of Disturbing Church Service.

TWO OTHERS NOT GUILTY

Charley Bennett and Carl Jackson were fined five dollars and costs each last night in police court by Mayor Bebout on the charge of disturbing a church service. Gordon Bennett and Charles Cleveenger, tried on a similar charge, were found not guilty. It was alleged that the boys attended church at the Heavenly Recruits where they almost broke up the services by their singing. According to members of the church, the boys have been doing this for some time and that despite warnings it was continued until the church members decided on some action.

The trial of Ralph Wagoner, charged with assault and battery on Stella Walker, was postponed until Monday afternoon at 1:30 o'clock. Wagoner is alleged to have stuck Miss Walker with pins. The offense occurred, it is alleged, at the same church where the other boys disturbed the services.

NOTICE

Improvement Resolution for Second Street From West Side of Jackson Street to the P. C. C. & St. L. Railroad.

Rushville, Ind., March 5, 1915.  
To Whom It May Concern:  
Notice is hereby given by the common council of the city of Rushville, Indiana, that it is desired and deemed necessary to make the following described public improvements in the City of Rushville, Indiana, as authorized by Improvement Resolution No. 37, adopted by said common council on the 24 day of March, 1915.  
Section 1.—Resolved by the common council of the City of Rushville, Indiana, that it is deemed necessary to improve Second street, from the west property line of Jackson street to the east property line of the P. C. C. & St. L. railroad where the same crosses Second street, by grading and paving the roadway with brick, sheet asphalt, granite block or creosote block, laid on a concrete foundation as set forth in the plans, plats, profile and specifications, from curb line to curb line, placing the necessary curbing and curbing said roadway with cement combined curb and gutter all as shown on the plans and in accordance with the profiles, details and specifications, on file in the office of the Clerk of the City of Rushville, and such improvement is now ordered.  
The cost of said improvement except street and alley intersections shall be assessed upon the real estate abutting on said street to be improved and upon the property within one hundred and fifty (150) feet of the line of the street to be improved, and upon the City of Rushville, Indiana, all according to the method and manner provided for by an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations approved March 6th, 1905, and in accordance with and pursuant to the provisions of all amendatory and supplemental acts thereto, passed by the General Assembly of the State of Indiana." Assessments of property owners, if deferred, are to be paid in ten equal annual installments with interest at the rate of six per cent per annum. Under no circumstances shall the City of Rushville be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessment for such improvement, or such moneys as said city is by said above entitled act and provisions of all acts amendatory and supplemental thereto, required to pay. All proceedings had and the work done in the making of said improvement, assessment of property, collection of assessment and issuance of bonds therefor, shall be as provided for in said above entitled act and amendments thereto.  
The common council of said city has fixed, THURSDAY, THE 25th DAY OF MARCH, 1915, as a date upon which remonstrances may be filed or heard, by persons interested in or affected by said described public improvement, and on said day, at 7:30 o'clock p. m., said common council will meet at the council chamber, in said city of Rushville, for the purpose of hearing and considering any remonstrances which may have been filed, or which may be presented and will hear all persons interested, or whose property is affected by said proposed improvements, and will decide whether the benefits that will accrue to the property, abutting and adjacent to the proposed improvements, and to said city, will be equal to or exceed the estimated cost of the proposed improvement, as estimated by the city civil engineer.

CARL GUNNING,  
City Clerk.

Those Favoring State-Wide Primary  
Feel That They Won Victory in  
the Senate

PASSED IN AMENDED FORM

Only Important Difference is New  
Measure Provides for Only One  
of State Offices.

### PRIMARY BILL PASSES.

(By United Press.)

Indianapolis, Ind., March 5.—The house today concurred in the senate amendment to the Jones state wide primary bill on motion of Representative Jones, its author. Only the governor's signature is now needed to give Indiana direct nominations for all public offices except the state offices below the governorship.

Indianapolis, Ind., Mar. 5.—The house today faced the question of concurring in the senate amendment to the Jones state-wide, direct primary bill.

Advocates of the state-wide, direct primary felt they had won a victory to get the senate to concede a primary law but their plan was to go slow in indorsing the measure in the form it was passed by the senate.

"The amended bill retains the strong provision of the original bill as far as it goes," said Representative Jones. "The only important difference between the amended bill and the one which the house passed is that the amended bill provides only preferential vote for governor, United States senator, president and vice-president while the original bill provided a direct primary for all state officers."

"The provisions of the original bill for effective and safeguarded township, county, city, legislative and congressional primaries appear to be retained."

The senate late yesterday passed the Jones bill in amended form 32 to 11. The vote was taken under a suspension of rules after Senator O. L. Ballou of Lagrange had called the Jones bill out of the committee on elections and after Democratic senators, led by Ballou, had warned the majority members against the passage of a bill that did not conform strictly to the declarations in the party's platform.

All of the Republican senators voted against the bill, although they sustained Ballou and other Democrats when a vote was taken on the proposal to amend the Jones bill with the substitute. The bill now goes to the house for concurrence in the senate amendment.

Senator VanNoy, president pro tem, and leader of the Democrats, criticized severely those members found fault with the party for not enacting a state-wide primary, and declared that his attitude toward the primary question is in conformity to the views of the people of Madison county, whom he represents. Senator VanNoy's speech in support of the substitute measure was an argument on the attitude of a majority of the people in Indiana on the primary question as he has found it.

Previous to Senator VanNoy's statement of his attitude, Senator Robinson of Indianapolis, Republican leader, opposed the motion to substitute a new bill for the original Jones measure, but Robinson added that he would not say how he would vote on the bill when it came up for third reading.

Senator Ballou offered his motion to call the Jones bill out of committee on elections yesterday morning, but it was not read until the afternoon session. To conform to the Ballou request, the committee on elections through Senator VanAuken chairman, reported the Jones measure, House bill No. 74, out of committee, with the recommendation that it be amended by striking out all after the enacting clause and inserting in lieu thereof the substitute which is an entirely new bill. In this way the bill bears the name of Representative Jones.

Senator Ballou opened his argu-

ment against the amendment by warning his colleagues against violating the promises made by the party. He asked his Democratic colleagues whether the members would follow the dictates of the people who elected them or whether they would follow the dictates of a "steering committee." He said the responsibility for the party's deeds rests with the young men in the party, and it was to the young men that he appealed, he said. He recalled that on Jackson day in 1914 Thomas Taggart made a speech at a Democratic love feast at the German House, in which he declared in favor of a statewide primary and he read from three speeches of Governor Ralston in which he referred to the party's stand on the platform.

"The substitute measure is as far from the party's pledge as the two poles," Senator Ballou said. "The reason for this substitute bill is to strike out of the Jones bill every bit of life that it possessed, and I can name now one-half of the candidates on the next Democratic state ticket that will be selected by delegate convention. Any bill that does not reach the entire state ticket with a primary is an absolute farce and a subterfuge; the substitute is nothing in comparison to what the people demand."

Senator Ballou read from some editorials in Indiana newspapers on the primary election question, among which was one from Senator John B. Faulkner's newspaper at Michigan City. He recalled that the Jones bill had been placed in the hands of Secretary Bryan and Senator Kern and that both of them gave it their approval. He recalled that the party in its state convention last spring declared in favor of a statewide primary and asked what had happened in the meantime to make the party go only half way with its pledge.

Senator Humphrey of Linton declared he favored the Jones bill in its original form because it carried out the party's platform pledge. Senator Chambers of Newcastle explained his vote by saying he was opposed to every sort of a direct primary, but added, "Half a dose is better than a big dose," and voted in favor of the committee report. Senator McCormick said he favored the Rinear bill in the Senate several days ago because the people of his district wanted a statewide primary law but that, if he could not obtain for his people the statewide primary he would vote for the committee's report. Senator Norman said the people of his district favor the primary plan, and, in order best to represent the views of his constituency, he voted for every primary bill that he could. Senator Maston voted against the committee report, declaring the state ought to have "a real primary or none." Senator Yarling said he had hoped to be able to vote for the Jones bill because the people of his district desired such a law, but that he agreed to abide by the canons and for that reason he would vote for the substitute bill.

The passage of the substitute bill came after the Democratic members of the upper house agreed to it in caucus yesterday afternoon. There was no opposition to the bill in the caucus, ten senators having voted for the Jones bill. Those who voted for the Jones measure were Senators Adams, Faulkner, Humphrey, McCormick, Maston, Culbertson, Gells, Norman, Reidelbach and Wood.

## WAR CUTS OFF POTASH SUPPLY

Farmers Face Prospect of Increased Prices and Decreased Amount of the Chemical

FERTILIZER COST HIGHER

Some Examples are Cited to Prove This—What Fertilizer Salesman Has to Say About it

Farmers are facing the prospect of buying fertilizers containing only a small amount of potash, this spring, and a probable chance of being unable to obtain any potash next fall.

Germany produces all the potash used in this country. Under normal condition the daily requirements of the United States is about 3,000, tons of potash. Since the beginning of the war, the shipments of potash to this country have been very small and on Feb. 1, a complete embargo was placed on the product by the German government.

This condition has brought about an average raise in the cost of fertilizer to the farmer of about \$1.00 a ton. Most of the companies are refusing to put out brands containing more than 2 or 3 per cent of the potash and have ceased to offer brands containing greater amounts. A brand containing ten per cent of phosphorous and ten per cent of potash which sold for \$23 last year, is now worth about \$29, but cannot be purchased at that price except from dealers that have quantities left over from last year's trade.

A district sales manager for one of the largest manufacturers of fertilizers in the United States, who is in Richmond this week, said all of the large fertilizer plants were forced to cut down the amounts of potash in their products, according to the Richmond Palladium.

"The farmer that has any sense is going to lay in his supply of fertilizer ahead of time," he said. "The man who has potash in his barn next fall will have it to use."

There has been an unusual demand for potash goods this season, and although manufacturers were giving the farmers the benefits of the amount of potash they had in stock, he said that this condition could not exist very long.

This shortage of potash will have some effect on the local crop condition. Although the greatest demand here is for phosphorous, and while the state experiments show that best gains are made from the use of this element, it is also known that a fertilizer containing from 2 to 4 per cent. of Potash will produce the most economical and profitable yields of grain on the typical clay loam soil.

### Amusements

Not in many seasons has our stage been graced with so attractive and successful a romantic drama as "Omar, the Tentmaker," the spectacular Persian love-play in which Guy Bates Post will inaugurate a return engagement of one week at the Shubert Murat Theatre commencing Monday, March 8th. The regular box office sale starts Thursday.

The play relates the engrossing love-life of one of the most engaging characters in the world's history, Omar Khayyam, the merry-hearted Persian poet and mystic of the eleventh century. In the title-role Mr. Post has endeared himself in the affections of New York theatregoers during the past season to a degree unrivaled by any actor since the passing of the late Richard Mansfield. It is rare indeed that an actor so completely visualizes an heroic figure that his conception is universally accepted at par value by even the staunchest admirers of the person in question. Such however, is the notable achievement of Mr. Post in his remarkable characterization of the beloved Omar.

"Omar, the Tentmaker" is from the gifted pen of Richard Walton

### A direct from factory proposition

In Wayne and adjoining counties we sell Davis Cars direct to the car owner. This gives you the advantage of a SPECIAL PRICE, and because you are close to the factory you get direct factory service as well.

You should get our proposition before buying any car.

### The car that never fails

All car owners like to talk about their cars—to tell you what great hill climbers they are, how comfortable, "always on the job," etc. And once in a while, after praising his car "up to the skies" the owner can't get the engine started, or it balks and sputters, and lays down generally. But this never happens with Davis owners. All the good things Davis owners can say about their cars are true. Davis cars never fail.

# Where can you find a car at \$1235 with so many big features?

Every ounce of material that goes into the Davis Four at \$1235 is "sterling" as applied to high-grade automobile building. Every part's unit in the car is built by a parts maker who is the leader in his line. There are scores of great big features of worth in this car—we'll mention ten as typical. Compare the qualifications of any other car anywhere near the Davis Four price with these.

#### WARNER TRANSMISSION

leaves no doubts on this unit. Three speeds forward and one reverse. The gears are large in size, of chrome vanadium steel. Bearings used are the best in the market.

#### THE STEERING GEAR

on Davis Cars is also Warner. The worn and worn wheel principle makes it irreversible and is so designed that any wear may be easily taken up. No part of a car except the tires wears as quickly as the steering gears. The steering gear that doesn't provide for adequate adjustment is exceedingly unsatisfactory.

#### IGNITION

is important, too. You want an ignition system that is positive and sure and trouble proof. You get it in the Westinghouse System on Davis cars. This big name westinghouse applies not only to the ignition, but also to the starting and lighting.

#### THE BODIES

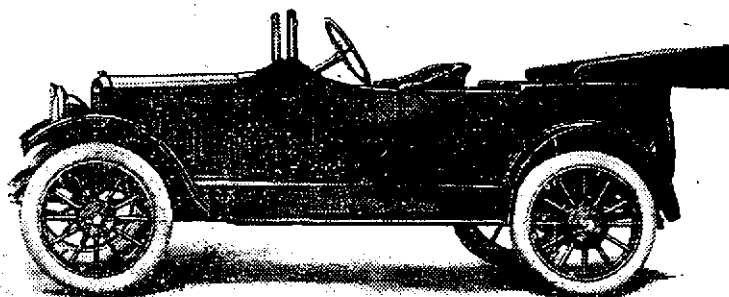

are big and comfortable, plenty of leg-room, wide doors, deep upholstery and easy cushion springs. These non-mechanical features round out the satisfaction one takes in a car to a wonderful extent. The finish is genuine painting and not a cheap job of japanning.

#### DAVIS EQUIPMENT

You don't have to add a lot of accessories after you get a Davis. The Car is sold complete and each item of equipment is high-grade—top, windshield, flush type Stewart speedometer, electric horn, tire carrier and spare rim on rear, complete kit of tools, etc., etc.

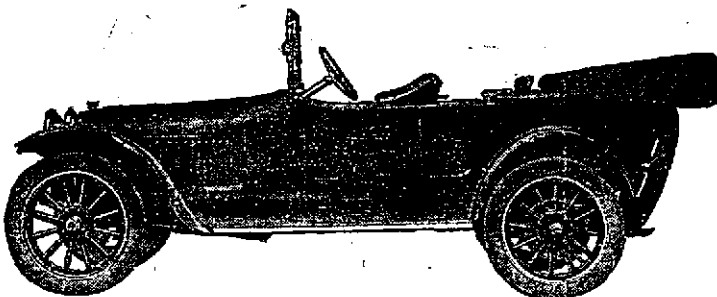

## \$1235 List Price of Two or Five Passenger Davis Fours

3 3/4 inch by 5 inch Four Cylinder Motor, Westinghouse starting, ignition, and lighting, 112 inch wheel base, 34 by 4 inch tires all around, all cars completely equipped with top, windshield and every desirable accessory.

## \$2185 For Seven Passenger Davis Six Five Passenger Six at \$2150.

3 3/4 inch by 5 1/4 inch Six Cylinder Motor, Bosch ignition, 128 inch wheel base, 37 by 4 1/2 inch tires all around, all completely equipped with electric starting and lighting, top, windshield and full complement of accessories.

Our salesman is at your service. He will stop at the Scanlan Hotel, Rushville. Call him, by phone or drop him a line and he will call at your home with a demonstrating car and give you full details in reference to our special proposition, and demonstrate just what this car will do.

## The Davis Motor Car Co.

Richmond, Indiana

A CATALOG SENT FOR THE ASKING

#### THE MOTOR

in this car is a Continental—you can't buy anything better than Continental. Cars at twice the Davis price use them. You are absolutely safe on the point of having a good power-plant, and it's a mighty important point.

#### THE CARBURETOR

is a big element in the performance you get from your motor. A good carburetor can't make a poor motor pull nor can a poor carburetor get the best out of a good motor. But a Continental Motor and a Stromberg Carburetor—there is no better combination.

#### A STRONG FRAME

means safety and we've made sure on this point by using a pressed steel channel of great strength. You'll appreciate the Davis spring suspension too—the three-quarter platform springs give a resiliency that means real riding comfort.

#### THE CLUTCH

is very important, too—isn't it? Certainly—if you value a slow, easy pick-up of load when you start your car. And this gradual engagement of the clutch means longer life to the motor, transmission, and every driving member. The Davis clutch is a tried and positive success.

#### THE AXLES

on Davis cars give a feeling of security to Davis owners. Nothing short of violent accident is going to impair the service of these axles—Weston-Mott both front and rear. The rear is the floating type with extra heavy bearings.

Tully, and has scored a much more popular success than did his preceding works, "The Bird of Paradise" and "The Rose of the Rancho". Mr. Tully succeeded in bringing to the fore all the captivating and lovable qualities in Omar's nature with it.

### CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

out in the least slighting his humanity and that she that he has woven around the poet is swift-moving and constantly enthralling.

pictorially, the production establishes a new standard in scenic embellishment, the many elaborate scenes having been designed by Mr. Tully himself, in association with Wilfred Buckland. Especially beautiful is the rose-bowered garden shimmering in silver moonlight, that opens the play, while for realistic detail and picturesque adornment it is doubtful if the scene representing the huddled bazaars in the ancient city of Naishapur has ever been excelled. The company surrounding Mr. Post is of unusual distinction, and players and production come intact from their triumphant run on Broadway last Winter. There will be bargain matinees on Wednesday and Saturday.

### Imagine Gloves With Holes In Finger Tips-But That's Fashion

BY MARGARET MASON  
(Written for United Press.)

The latest tip of Fashion is your finger tip to see. So take a tip and tip your mit. If swaggar you would be.

New York, Mar. 5.—Gloves with buttonholed openings in the finger tips just sufficient for midday's rosy highly polished fingernails to show through are the very latest freak of Fashion for evening wear. This out at-the-finger mode started on the Riveira and has been snatched at with eager hands and taken up or rather taken on by all the well done ladyfingers of Paris.

That's what my friend, the war correspondent, writes me and he ought to know, for though he's over there to watch the warfare he does not miss much appertaining to the more fair. He has a weather eye on the sideline, 'twere. According to his expert opinion the peck-a-be glove when it reaches our midst will bid fair to rival even the vogue of that erstwhile, the Merry Widow hat.

Anyway it ought to boost business for the busy little manicures, for with an opening like that before it every self respecting finger nail will vie with one another to make its coming out party a vision of pink polished perfection.

After all, why shouldn't milady's finger tips be put on view? With a little of everything else exposed in the present all revealing naught concealing evening toilettes why draw the line at ten poor little innocent fingers.

Next to a hand painted face comes the hand painted hat. They come high too, my dears, but you simply must have one. Garlands of varicolored flowers are painted on the silk or chiffon covered upper brims of those cute little low crowned sailor shapes. Likewise painted in nosegays that would put poor Flora to the blush are those omnipresent ribbon bands that tie around the new Spring hats with dinky bows and drippy ends behind. Transparent hats with wide floppy brims of lace, maline and chiffon are in again and these also when the brim are of plain ungathered chiffon spurn not a hand painted rose or two in the their gossamer surfaces.

There's heaps of dot and dash about most of the new spring silks. Those that haven't had a check put on them will have us all quite dotty if we don't watch out for polka dots from the pin point variety up to the dimensions of a twenty five cent piece, are as thick as peas. There good old reliable combinations of a white dot on a black or navy blue ground and visa versa are much in evidence, like the complete check outfit to go with these dotted frocks there are also shown forsooth stockings, hats, parasols and handkerchiefs as dotty as they make 'em. Don't you just dote on dots?

Vivid embroidery in barbaric and oriental colorings and design is a feature of some of the smartest new suits and gowns. With a touch of metallic trimming it adds a piquant dash of color to the finish of the long flaring ruffled sleeves, the wide inset skirt pockets, outlines the necks and edges of the saucy boleros and borders the shortness of short skirts.

There is a simply stunning and stunningly new negligee enanced with this brilliant embroidery. It was dubbed L'Egyptienne in Paris where it was evolved out on the simple straight lines of a kimona nightgown except that it opens along each shoulder and fastens again with effective ball buttons of amber. Developed in either a bright orange toned, crepe de chine in vivid green, royal purple or Chinese blue, it has a crude design of all these hectic tints outlined in heavy black twist embroidering the rather low round neck and down into a point effect to the bust line and banding the edges of the straight elbow sleeves.

(This model lends itself beautifully to home manufacture. Four yards

of double width crepe de chine fashions or even three and a half yards according to your height. Add to this either silk or enough silk mul to line it through out, heavy silk twist for the embroidery and a little time and behold you have a Paris creation as effective as if it were purchased at the house of Poiret.

### RESIGNS AT CARTHAGE

The House the Red Jacket Saved

Read This Letter:  
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on "fire protection" that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

## Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

DANDRUFF SURELY DESTROYS THE HAIR

Makes it Dull, Brittle, Lifeless, and Causes It To Fall Out.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

**Taverns Nourished Liberty**

The colonial inn played an important role during the Revolution and the stirring times preceding it. The tavern keeper was the leader of his community in defying the English crown. His tavern was the meeting place of the little patriotic bands, which later were assembled into an army by Washington. The tavern was used as a recruiting station, constantly sending men to the firing line to strengthen the ragged, untrained American army.

Under the laws of the colonies, the taverns were required to keep for sale alcoholic beverages for the accommodation of guests and the townspeople, themselves. In addition, most of the landlords brewed malt liquor for their trade, the colonial governments especially encouraging them in this.

**Oliver Plows**

It is a fact that every word we say about the No. 11 Oliver Sulky Plow is true, and if you have ever owned one you know we can't speak too well for this OLIVER SULKY. It is the best plow for any soil, at any time and under any conditions, that is manufactured today. Its construction is simplicity in every detail; hence it is light in weight. It is built to hug the ground; it is the only plow which successfully backs furrows, turns square corners, right or left without raising the base, and is acknowledged to be the lightest in draft and turns the soil in better condition than any other sulky plow. And I hereby challenge any manufacturer or dealer for a fair field trial that the No. 11 OLIVER SULKY is lighter in draft, will turn the soil in better condition, turn all trash under better and leave your ground in better condition than any other Sulky Plow manufactured.

We have a good stock of Oliver Sulky and Walking Plows and Repairs on hands, and invite you to call and see me, and get prices before you buy.

CHANCES SLIM  
FOR BROOKLYN

Neither Dodgers Nor Brookfeds  
Stack up Favorably With Other  
Clubs in Their Leagues

NAP RUCKER A BIG FACTOR

Feds Have Strengthened in Only One  
Place and That is at Second  
Base by Magee

BY HAL SHERIDAN  
(Written for United Press.)

New York, Mar. 5.—Chances for a pennant going across the bridge this season are rather cloudy. Neither the Brookfeds nor the Dodgers appear to stack up favorably with the other clubs in their respective leagues. If the Brookfeds are successful in getting Rube Marquard, the erratic port-sider, their chances will look better as they have a fair array of pitching talent, already.

Wilbert Robinson, the complacent leader of Ebbet's crew, declares his club's chances of getting into the world's series rest largely on how his veteran pitchers, particularly Nap Rucker, perform. Rucker was out most of last season with a bum shoulder, but he has been taking treatment all winter and is now at Hot Springs, Ark., taking the baths. If he is in shape and Jack Coombs should pull a come-back, the Dodgers are going to prove extremely annoying to the pace setters for they're a gang of sluggers any manager might be proud of.

Hard luck camped on their trail incessantly last year. After Rucker went out, O'Mara, whom many critics declare the most promising young shortstop in either league, also went out with a broken leg. He was certainly living up to the critics' opinions when he had the accident. He is in shape again and will undoubtedly fill the short field berth.

The Dodgers lost three men to the Feds during the stove league raiding. Jack Dalton, the slugging center fielder, took the hurdle to the Brookfeds. His loss is going to be keenly felt for he was a real honest-John ball player. Fischer and Allen, the other two lost to Gilmore's raiders are not so important. Fischer was a second string catcher and Allen occupied the same position among the pitchers.

"Big Ed" Preffer is Robinson's particular pitching star. He was a wonderful performer last season and

WOMAN COULD  
HARDLY STAND

Because of Terrible Backache, Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Downton St., Nicetown, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand, and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

ACT QUICKLY

Delay Has Been Dangerous in Rushville.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of Rushville evidence of their worth. G. Priest, 223 W. Third street, Rushville, says: "For several years I had kidney trouble which came on by spells. The complaint started with a dull pain just over my kidneys, then I became weak and dizzy. Doan's Kidney Pills were finally brought to my attention and were so highly recommended that I got a supply at Johnson & Co.'s Drug Store. They proved to be the best kidney medicine I had ever tried and in a short time, my kidneys were normal."

(Statement given June 13, 1907.) OVER FIVE YEARS LATER, Mr. Priest said: "I still use Doan's Kidney Pills when in need of a kidney tonic and the results are always satisfactory."

Price 50c. at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest had. Foster-Milburn Co., Props. Buffalo, N. Y. (Advertisement.)

Robbie is counting heavily on him this season. Backing him up are Pat Ragan, Aitchinson, Brown Schmutz and the usual quota of recruits including Appleton of Fort Worth, Cadore of Wilkesbarre, Chabak of Harrisburg Dell of Seattle, Donald of Waco, Goodbred of Oshkosh, Howell of Chattanooga, and Smith of Newark. All of them have records better than usual.

Behind the bat Robinson has Otto Miller and McCarty, and to help them out has Snow of Oshkosh and Mack of Newark, a brother of Zach Wheat, the Dodgers' heavy hitting fielder.

Dalton's place in the outfield probably will be filled by "Hi" Myers who amassed a batting average of .286 in seventy games last season. Casey Stengel and Zach Wheat will work on either side of him unless Willie Zimmerman, a Newark recruit grabs their jobs, which is about as probable as the Naps winning the American League pennant.

Jake Daubert will undoubtedly play first again and in all probability Cuthshaw will cover second. For short O'Mara will win back his berth. Gus Getz who played third last year may have to put up a stiff battle to stay there. Schultz, a youngster has put in a bid for the job. He played in 155 games with Rochester last year and emerged with a batting average of .316. Hummel and Dick Egan supply the utility force.

The only place the Brookfeds have been materially strengthened is at second base. Lee Magee, the new manager, is going to exert thereabout and if he performs as he did with the Cards it should be a large factor in their upward struggle. Magee's leadership too, must be reckoned with. Bill Bradley last year was a disappointment as a manager, and didn't get the best work out his men, according to the Wards. Magee undoubtedly will.

Tom Seaton heads Magee's array of twirlers. Comment on his work is unnecessary. Jim Bluejacket, the big Indian recruit, should prove a bear now that he has had the experience of a part year with the Brookfeds. Nick Cullop is expected to do better than last season and Byron Houck, late of the Athletics should slip over a few wins. Eddie Lafitte was a good man last year. The others are Finnerman, Wilson, Marion, Peters, Somers, Upham, Chappelle and Junl.

"Hap" Myers probably will hold down first again. Magee will go to second, Eddie Cagnier to short and Tex Westerville to third. Delehanty and Holtz will fill in as needed.

Magee has an outfield he is expecting much of. Steve Evans was a bear with the stick last season. He is backed up by Claude Cooper late of the Giants and Eddie Murphy, old Athletic captain. Anderson will sub Griggs, Chouinard and Walsh will also be carried. Mike Simon, Grover Land and a Mr. Watson from the receiving staff.

Mrs. Austin's famous pancakes make a really delicious wholesome breakfast.
